

Figure 4: Screen-shot from the DMID's ASM Subsystem — Managing System Definitions

The screenshot displays the 'Dynamic Menu Interface Designer' window. The title bar reads 'Dynamic Menu Interface Designer'. Below the title bar is a menu bar with 'File' and 'Help'. The main content area is titled 'Administrative Specification Management' and includes a 'Welcome Lambert' message and a 'Logout' button. A left-hand navigation pane contains several buttons: 'System Definitions', 'Participating Organizations', 'System Users', 'System Operations', 'System Menu Definitions', 'Menu Constituents', 'User-Operation Authorizations', 'User-Menu Authorizations', 'User-System Authorizations', and 'Organization-System Mappings'. The 'System Definitions' button is selected. The main area shows a table titled 'System Definitions' with four columns: 'System Code', 'System Name', 'System Abbreviation', and 'System Home'. The table lists various systems, with 'IM01' (Inventory Management System) highlighted in blue. Below the table, there are input fields for 'System Code', 'System Name', 'System Abbreviation', and 'System Home', each with a corresponding value from the highlighted row. A 'Search' button is located to the right of these fields. At the bottom, there are 'Save', 'Add', and 'Delete' buttons.

System Code	System Name	System Abbreviation	System Home
AM01	Auto-store Management System	AMS
