The marks are based on the output of the show commands that you submitted via Moodle. The mark given for each section indicates the extent to which you achieved the task, with a 0 meaning no evidence of the task being done and the maximum mark meaning you did well. Many practical tasks have not been completed

Some interfaces configured with wrong addresses
Clock rate not configured on Serial Interfaces

Vlans created but you did not assign the interfaces
Not configured
It is not working. An attempt was made, but you did not use PAGP.
You did not configure Port-security
You did not configure Portfast & BPDU

This section is not configured, or you did not copy and paste all the configurations from the show run.
