The screenshot shows the 'Dewin Cysgliad' (Cysgliad Wizard) page. The page is in Welsh and provides instructions for installing and updating the software. It includes a 'Run' button and a 'Buy Cysgliad' link. The page also features a sidebar with links to 'Cysgliad', 'Cysill', 'Cysgeir', 'Manual', and 'Video Demos'. The main content area is titled 'Dewin Cysgliad' and contains the following text:

Dewin Cysgliad
Dewin Cysgliad (The Cysgliad Wizard) helps you do the following:

- Install Cysgliad for the first time on your computer
- Update a pre-existing version
- Update and maintain the linguistic content
- Solve common problems.

Install or Update Cysgliad
The Wizard uses your email address to check whether you have the right to install or update a copy of Cysgliad on your computer.

The Wizard covers both home and institutional users of Cysgliad.

If you do not already own a Cysgliad licence, go to the Buy Cysgliad page in order to purchase a licence and register your email address.

If your employer or educational institution has an institutional licence, you can use the Wizard to download Cysgliad free of charge through your work/institutional email address.

Click on the 'Run' button below to start the Wizard.

Run

Diweddaru, Cynnal a Chadw
The Wizard also helps you keep the linguistic content up to date, including your dictionaries within Cysgeir. Click on the 'Update Dictionaries' button in the Wizard.

Problem Solving
The Wizard also helps solve common problems to do with using Cysgliad on your computer e.g. the disappearance of the Cysgliad toolbar in Word.

Run the Wizard in order for it to help you to solve the problem.
