

MSc Project Proposal

Student LIU ZHEN (JACK) Grade

Intro / A&O		
Project title; Identification of a specific problem to be investigated; Well-defined aims and SMART objectives; Explaining why this project is worth doing; Discussion of different ways in which the problem might be investigated; Discussion of what the project needs to do in order to be a success; Description any deliverables that will be produced at the end of the project <i>Clear aims & objectives. The introduction needs to be more concise. No deliverables or discussion of what the project needs to do to be a success</i>	10	6
Literature Review		
Description of how the work to be done by in the project relates to the work identified in the literature review; Discussion of any ethical issues raised by the project Identifying what has already been done within the field; Topic familiarity; Literature review using appropriate sources - journal papers and book chapters rather than just websites; Selection of relevant models & concepts <i>Needs more references overall, but particularly when describing the work done by others in face recognition. Good discussion of the problems but these need references. Needs more examples from existing systems - use illustrations to help explain things.</i>	30	17
Research Methodology		
Clear statement of which research methods are to be used and why they are appropriate; <i>Good philosophy and approach. Some of the material in the strategy section should be in the resources section. You may not have much time to do any action research. You need to justify why the choices you have made are suitable for this project.</i>	20	11
Development / Analysis Methodology		
Clear statement of which development methods are to be used and why they are appropriate; Clear statement of which tools are to be used and why they are appropriate; Clear description of how data collected will be analysed <i>Considers both qualitative and quantitative data. Would be better if you said how you're going to test the software</i>	20	10
Resources / Planning		
List of any deliverables; Clear Gantt chart showing both timing and resource use; Completed ethics form; Limited and relevant appendices <i>Defines the hardware and software needed - good. Clear Gantt chart</i>	10	7
Document Presentation		
Correct spelling, grammar and punctuation; Flow of narrative/fluency; Coherence; Word processed ; Correct use of referencing with bibliography; Strict word limit <i>Well presented but a little short.</i>	10	6
TOTAL	100	57
