I enjoyed the module as it was happening, but only since it has finished and I have undertaken other modules have I realised just how wonderfully structured and useful it was. Really amazingly set up. I refer back to the materials covered and notes I made during the Foundations module repeatedly during other modules, especially when checking I've understood the grounding for topics in later assignments. Thank you to all the staff involved for such a well planned and delivered module.

Foundations module is truly a base one. Most of what I learned there, I've used it in other modules. I have come back to check slides, sources, concepts, etc. So it was good to do this evaluation, several months later, to have these insights. I love that there are minimum three tutors in the module, it was a great surprise for me. This makes the seminar active and you gain the best from each teacher, since each one has its own strengths. The way it is structured, so the students have assigned time to participate is also very good. Seminars are never boring, and the online mode is really excellent, it exceeded expectations. Also, the professionalism of the teachers, they are all EXCELLENT (I am talking about all the teachers of the MA, at least the ones I have engaged so far in the 6 modules that I have assisted). So I am very grateful, this path has been a really inspiring one. Thanks!

Fabulous module
