Module Tutor's response to points raised by the students:

As mentioned, in a 10 week class, it's not possible to teach ^{the full aspects} of a programming language in class. The students have to put more efforts in free time to practise and learn more.

Tutor Self-Reflection

In what way might the module be improved in terms of content, delivery and assessment?

The module is a 4 credit module. Either it has to be split between two terms or a module to introduce basic of web design & teach HTML can be included in term 1/term 2. Alternatively a workshop can be conducted for the same before term 3 (possibly 12-15 hours).
