

Daniel Rowley - Feedback

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Engagement with Literature Skills		
You have produced a structure report that includes the required sections. This includes references to the items in the bibliography that includes a range of sources.	15	9
2. Knowledge and Understanding Skills		
You have explained the subject of BYOD and made a choice of an MDM software to suit the scenario. You have not though tied this back to the scenario or explained your rational for your choice in this situation. Your report though is structured.	15	6
3. Cognitive and Intellectual Skills		
You have included features of a series of policies for the scenario. These could though have been in much more depth to cover all relevant points for the company. You have included a flowchart that covers the decisions that could be made for this system but again more detail would have been helpful. You have explained the advantages and disadvantages of BYOD in some detail and this show some insight as is your discussion of issues.	40	17
4. Practical Application Skills		
You have created a sinulation of the network that included the required sample of devices and secured the routers for the network. Some points were though required more detail such as the naming of devices. You also had include a duplicate of each server that you have commected to the network but you have not provided any robustnous to the design.	20	12
5. Transferable Skills for Life and Professional Practice		
You have produces a report split into sections that has a clear layout and is structured correctly. This flows easily and included many features to add to its usability and easy of access.	10	5
