

Name: Dalarno Dayton tucker-Clarke

Student ID: 2523426

Module Code: LCHS4001

Module: academic and employability skills

Lecturer: charissa brain

Submitted on:

Complete the template below (use the prompts in the Task 2 information document to help)

- Take your time, there is no limit – you have until Friday of Week 9 to submit
- Use any notes you have already made to help
- The boxes will expand when you type

Section	Your response (Use your own words!)
1. Research	I researched the role of a caregiver in a care home. I wanted to know what caregivers do and why the job is important. I searched on the google using words like "caregiver duties" and "care worker responsibilities." I looked at different websites and compared the information. I used the CRAAP test to check one website. I found it hard because there was a lot to read and some information was confusing. I also found it difficult to choose the best website. I learned new facts about caregivers. I got better at finding information and checking if a website was reliable.
2. Presenting	I think my presentation went okay. I explained why I chose the caregiver role. I talked about my research and the information I found. I spoke clearly and I tried to follow the right order. I was a little nervous, so I looked at my phone more than I wanted. I think I could have spoken louder and made more eye contact with the lecture but when I finished I was happy because I tried my best.
3. Challenges you faced with your presentation	I found a lot of information so it was hard to choose the best facts. I compared different websites because some of them said different things. I picked the information I thought was the most correct. I was nervous when I gave my presentation, and I forgot a few things. I think I need to practise speaking more. Next time, I will practise at home and speak more slowly so I can feel more confident.
4. Actions to improve	Next time I will practise my presentation more before I present it. I think this will help me feel more confident. I will try to speak louder, make more eye contact with the lecturer, and use my phone less. I will also check that my sources are correct.

5. Further steps needed to Prepare for Task 3	For Task 3 I will use my research to write my report. I will write more about the caregiver role. I will check my references. I will read my work again and fix my mistakes. I think this will help me write a better report. I hope i do better next time.
