Benefits and drawbacks of T1 &T2 hypervisor, Cloud Computing stated. However, more clarity required in the statements. Is Hyper-v a type 2 hypervisor? Could have added Illustrations for DNS. Evidences on statements not provided. The quality of the report needs improvement. Could have used proper numbering and sub chapters/ bullet points etc. The Critical roles within an Enterprise Network is not about generic network roles. You have to address roles similar to active directories.More terminologies could have been discussed.	8.8
