STUDENT FEEDBACK FORM

This section details the *extent* to which the assessment criteria are demonstrated by you, which in turn determines your mark. The marks available for each category of skill are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Generic Assessment Criteria	Marks available	Marks awarded
1. Engagement with Literature Skills		
You evidence a good range of reading for such a short piece of writing. The sources are good and they are cross referenced in the text.	20	13
2. Knowledge and Understanding Skills		
Overall a good piece of writing. You set out your stall in the first paragraph then work your way through it in the text. You consistently refer back to the question which makes all of the essay relevant and prevents you from meandering in your text. You demonstrate a clear understanding of the topics you cover	15	11
3. Cognitive and Intellectual Skills		
There is a good analysis of the idea of 'community' and the competing views that prevail. You also handle the idea of 'creativity' well – defining it not only in terms of the exuberant (and expensive) architecture of Gehry, but also in terms of working within tight constraints. You address the issue of sustainability and one planet living in a thoughtful manner.	20	13
4. Practical Application Skills		
Your writing is of a good standard – clear and concise. The short essay was well structured and read well.	25	17
5. Transferable Skills for Life and Professional Practice		
	20	14

The essay was well organised, it flowed well and had a couple of good illustrations. A small point – you refer to Le Corbusier's 'radiant city' in the text – the illustration you use is of his Plan Voison.
