30 Any comments?

Please use the space below to make any other comments about this module, particularly if you have registered satisfaction or dissatisfaction with any aspects of its delivery

Respondent	Response
LEEANN CURTIS	The content in the course was excellent but heavy, I would have liked more time to digest the reading.
HELEN FLOYD	There are only two thing I would comment on for this module. When I first saw this module I saw it titled 'Cosmology, Magic and Divination'. There was no mention of it being based on the classical world. I would not have chosen this module had I known it was on the classical world as I have no interest in that era and find it very difficult to understand. I also felt disadvantaged by not knowing any Greek. Greek words and letters are used a lot and not knowing what it sounds like made it more d
SARAH-JANE JOHNSON	I actually enjoyed this module although the subject matter was not what I expected.
MADELEINE YVONNE MARCHAND	make sure that unavailability of tutors (eg, due to illness) is communicated well, especially around assessment deadlines
JOANNA CAROLINE MARTIN	The only small criticism that I have is that students were only given 3.5 weeks to research and complete the first essay while trying to keep up with the reading required for the module. Thus, the first assignment felt 'rushed' in comparison to other modules where we had been given a week or two longer to complete
