

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
General Comments		
A clear report produced that includes a range of information but not the design details asked for. Your database works but lacks a lot of the elements requested by the assignments such as a log in form	100	41
1. Engagement with Literature Skills		
Only 3 references in Bibliography and no refencing within the document so how usage of information	20	2
2. Knowledge and Understanding Skills		
No design methods are used within the assignment either of a ERD or a data dictionary Can add and delete information but applies to all people No access rights set Queries exist but does not allow users to create their own using parameter queries	30	8
3. Cognitive and Intellectual Skills		
4. Practical Application Skills		
Table are created with appropriate fields but these are few in number. Form created clearly but only a return button on any form and design is basic. A range of queriers created but does not address pending orders or allow users to create new queries. Two Reports are created and these is well laid out and clear with a button attached to close them. Relationships are created correctly to the correct degrees linking most tables No macros created within the database	40	23
5. Transferable Skills for Life and Professional Practice		
Report has a title page with an Index there is a clear introduction and good detail bit not what was asked for in design terms. There is no summary and the bibliography only lists three items.	10	8
