Yesterday I had a great experience at BBC Wales, Cardiff with my amazing lecturer Julie T. and my colleagues from University of Wales Trinity Saint David studying BA Developing Leadership and Management.
Thank you Julie for organising the trip ❤️

P.s since I was little my dream was to be a news presenter but 'the life' planned something else for me... I'm a nurse and who knows, a future business lady-after I've completed my studies.
It was great to see them in action and to see behind the scenes, how they organised everything and how much work is behind of 30 minutes news presented on tv. ❤️

- Industry visits & networking opportunities
- Guest speakers from top businesses
- Specialist lecturers with real-world experience
- Get additional training and certificates to enhance your CV

WHAT DO WE LOOK FOR IN LEVEL 5 APPLICANTS?

STUDENT TESTIMONIALS

Moving from Level 4 to Level 5 was the best decision I made! The modules are engaging, and the industry visits helped me connect with real professionals.

I've gained so much confidence in my leadership skills. The guest speakers and hands-on projects made learning exciting and relevant to my future career.

The support from lecturers and classmates is amazing! I feel well-prepared for my next steps in both education and my career.

THIS COULD BE YOU, WITH A BA IN DEVELOPING LEADERSHIP AND MANAGEMENT IN 2027!
