Marian Mihai

Team Leader

Dear Hiring Manager,

I am writing to express my interest in Team Leader position currently open at AmerisourceBergen. You will see that i am dedicated and motivated person trying to do what's the best for the company in a safe manner, always ready to help and give directions when needed, giving and receiving feedback. I am at the entry level into my career, but this will not stop me from delivering a great service in a professional manner. I believe i am the right candidate for this vacancy and i feel excited for the challenges and i look forward for the opportunities the job will present.

Leadership has always been into my vision. Everytime i had the chance express my ideas and visions over a situation, i've done it and, most part of the times, i've received positive feedback over them. Even since i was a child, i've always been driven to team work, managing people and to the tasks that have been given to me in the best possible manner.

During the period i had opportunity to work as a Team Leader, i gathered more experience in working with many people, most part of them from different countries and cultures. Thanks to the good communication and positive thinking, the problems we met during our duty at the job were solved quickly and we had great relationship.

I appreciate the time you invested into reading my application and I look forward into having news from you. I hope we will work together and i will show you why I am the right candidate for this vacancy.

Kind regards,

Marian.
