Who are we?

- based in *Malta*
- music streaming platform – blockchain technology
- over 180,000 users
- partnered with various artists

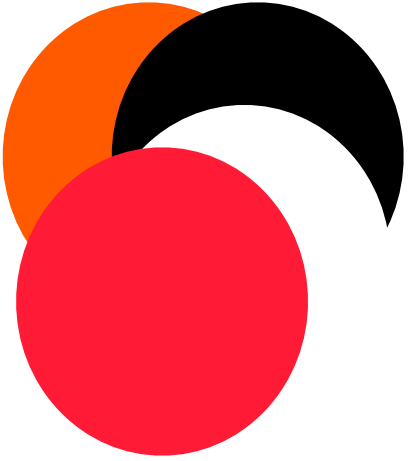

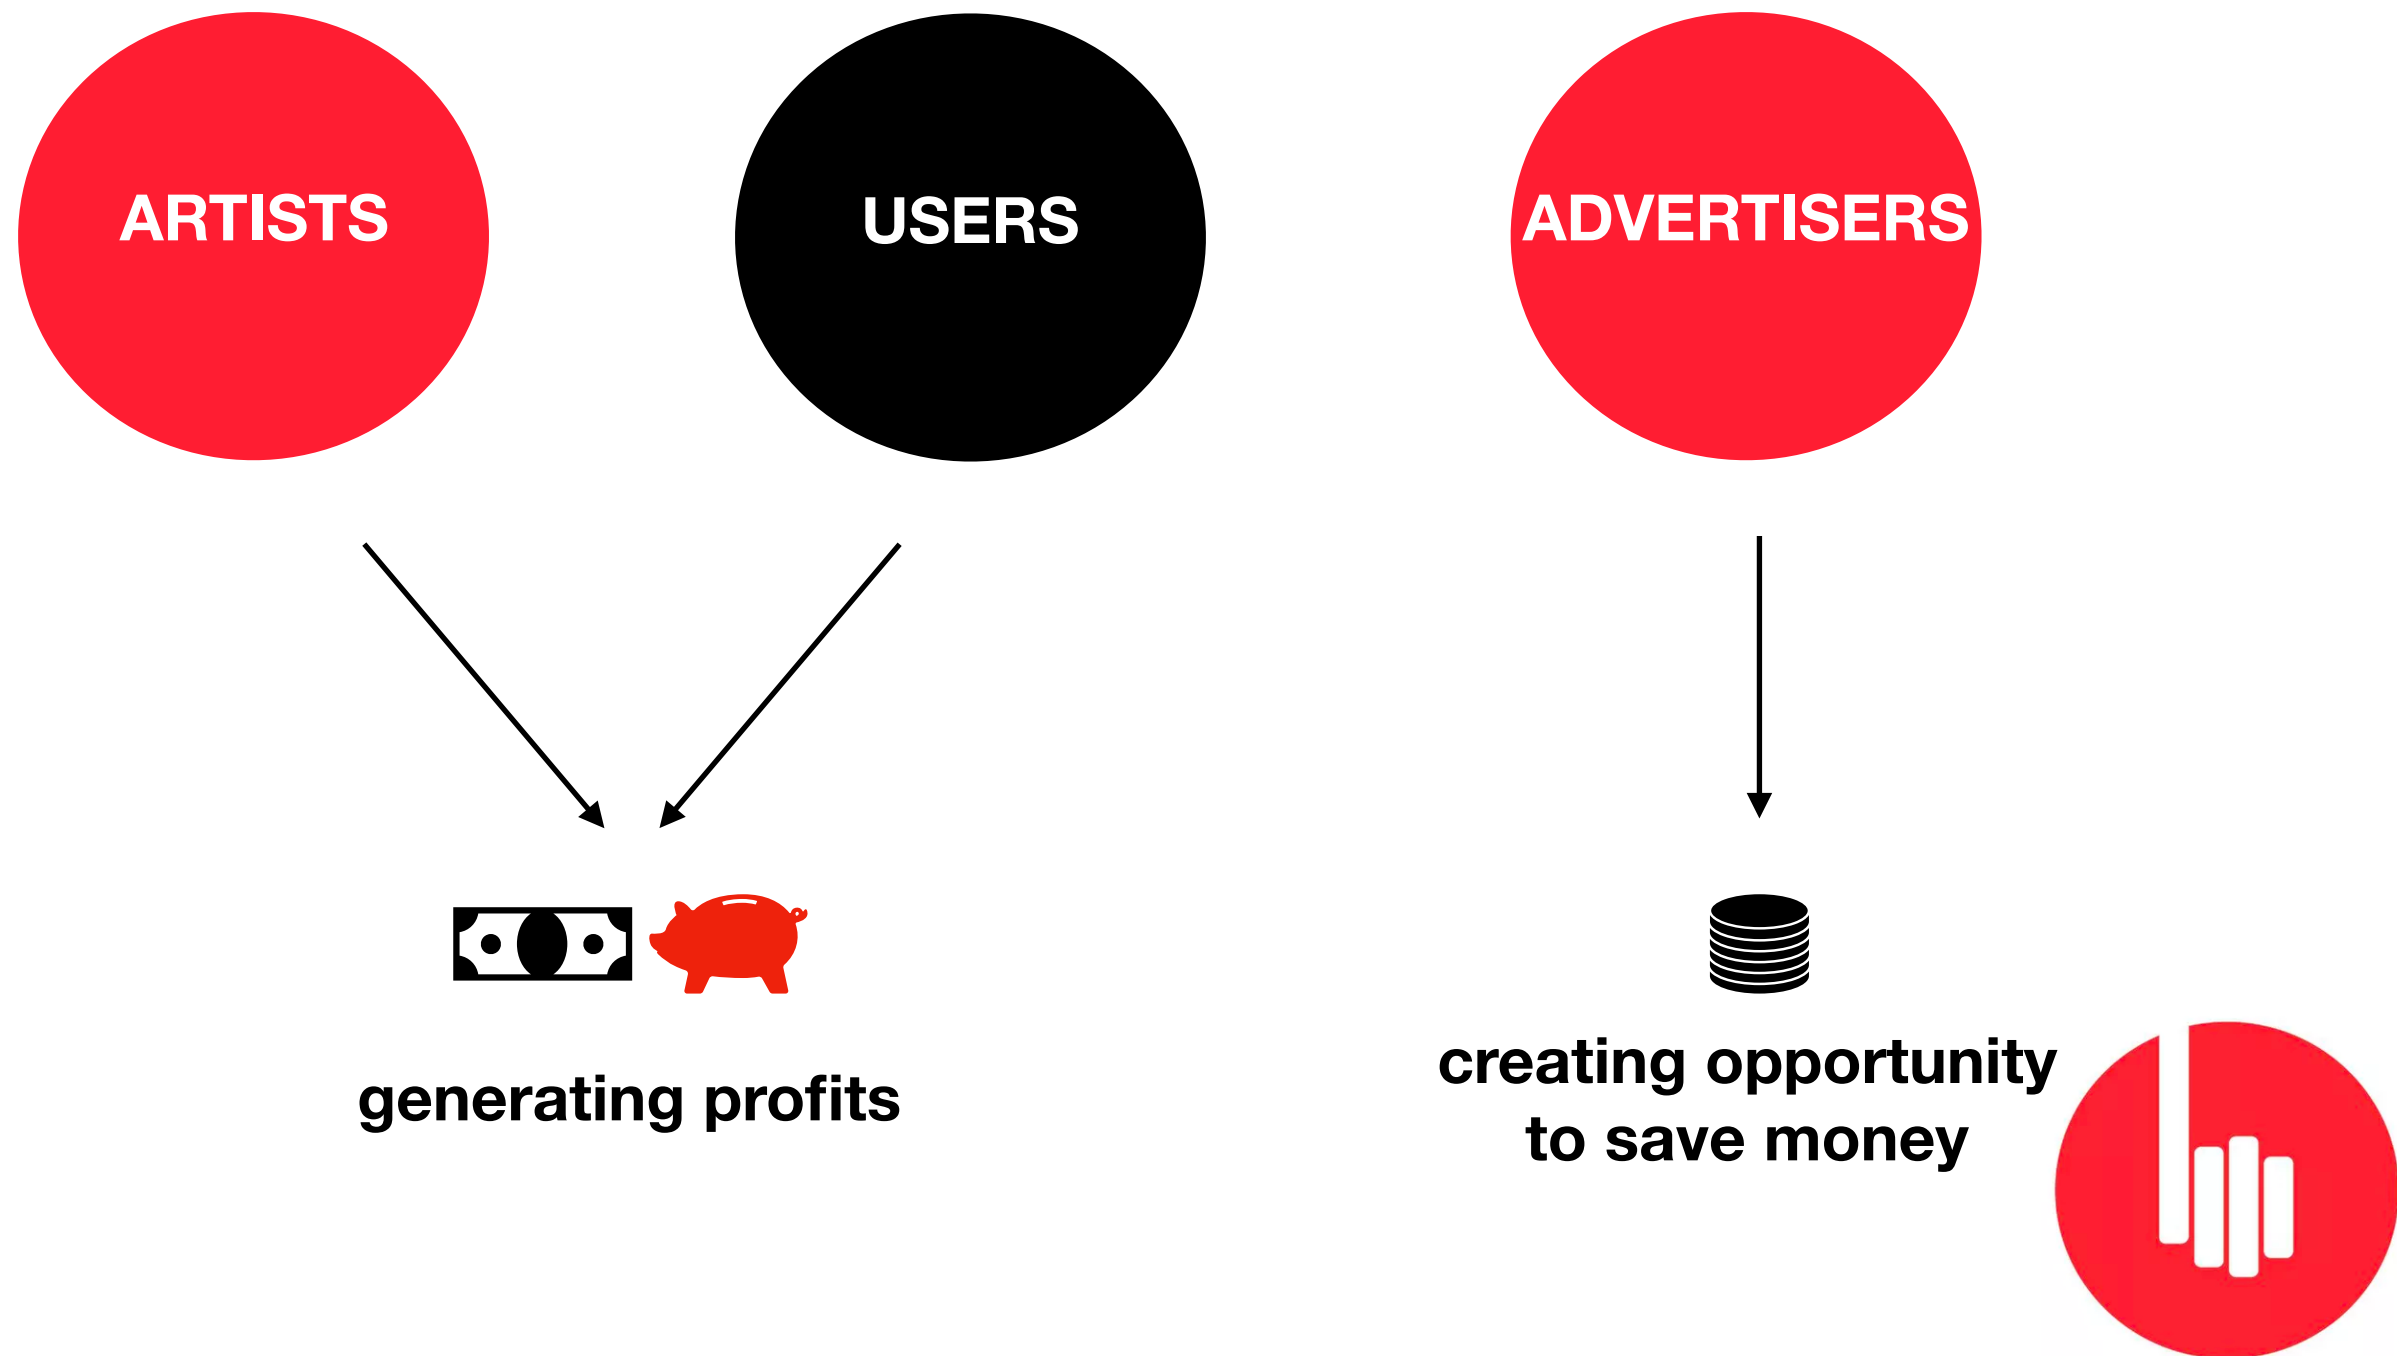

What is our goal?

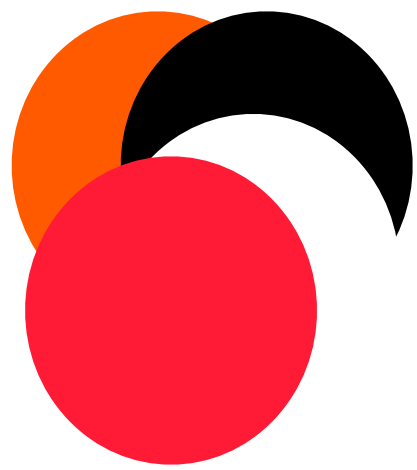

REVOLUTION

How will BitSong support artists?

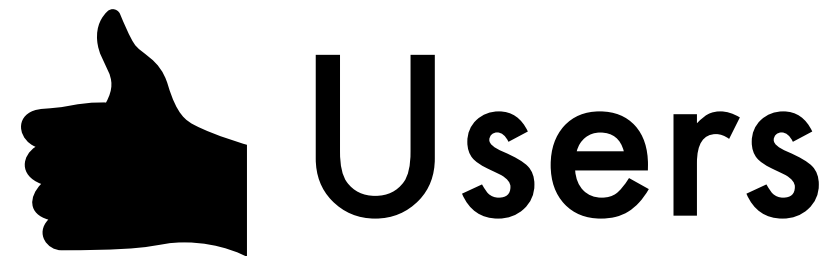

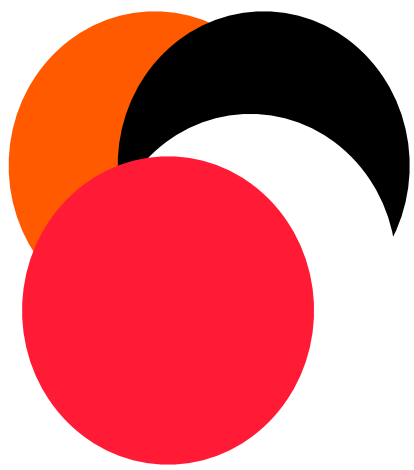

Artists

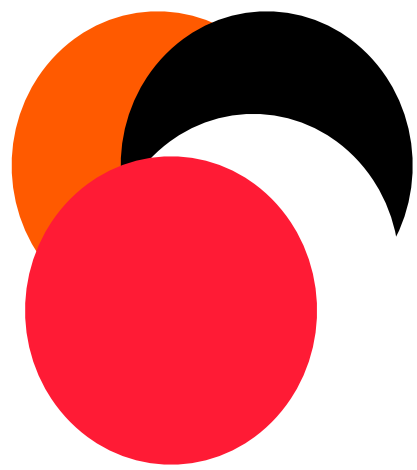

- full autonomy to upload music or video
- manage social media fanbase from one source
- receive donations in BTSG tokens
- transparency

- freedom of choice
- possibility to get rewarded by inviting other users

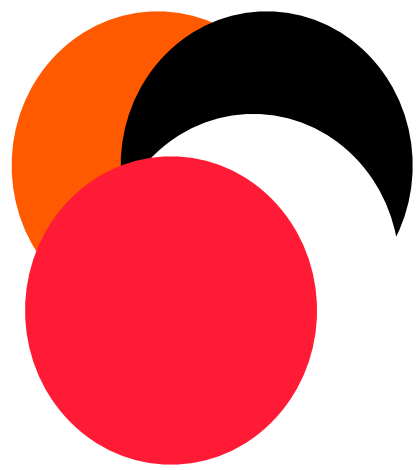

Advertisers

- easily reach the right audience
- no intermediaries
- cheaper than others
- receive data to measure results

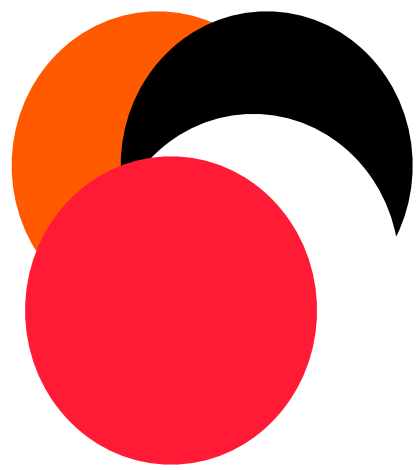

General Plan

- new point of reference
- be more decentralised & more community based
- create official Web Radio / TV
- first verifiable & real music classification for rankings

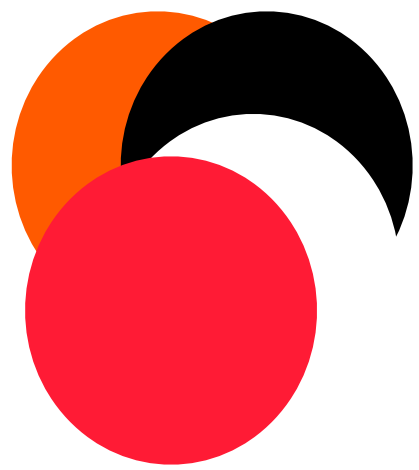

Blockchain

- way of storing records of value and transactions
- power to eliminate the middlemen
- would fasten up transactions
- transparent

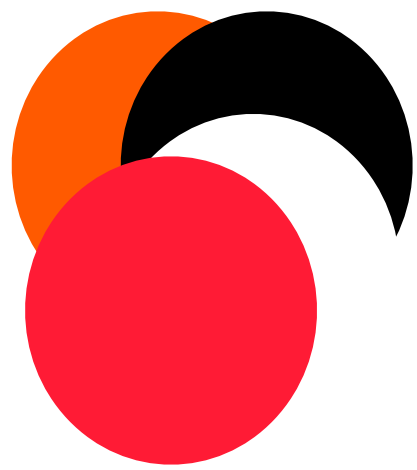

BitSong = BTSG

- Cosmos Network
- 100,000 transactions per second
- open source
- become a validator

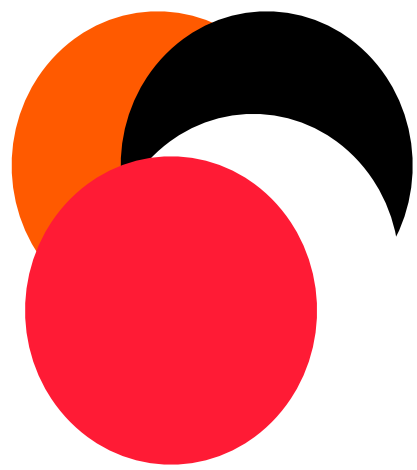

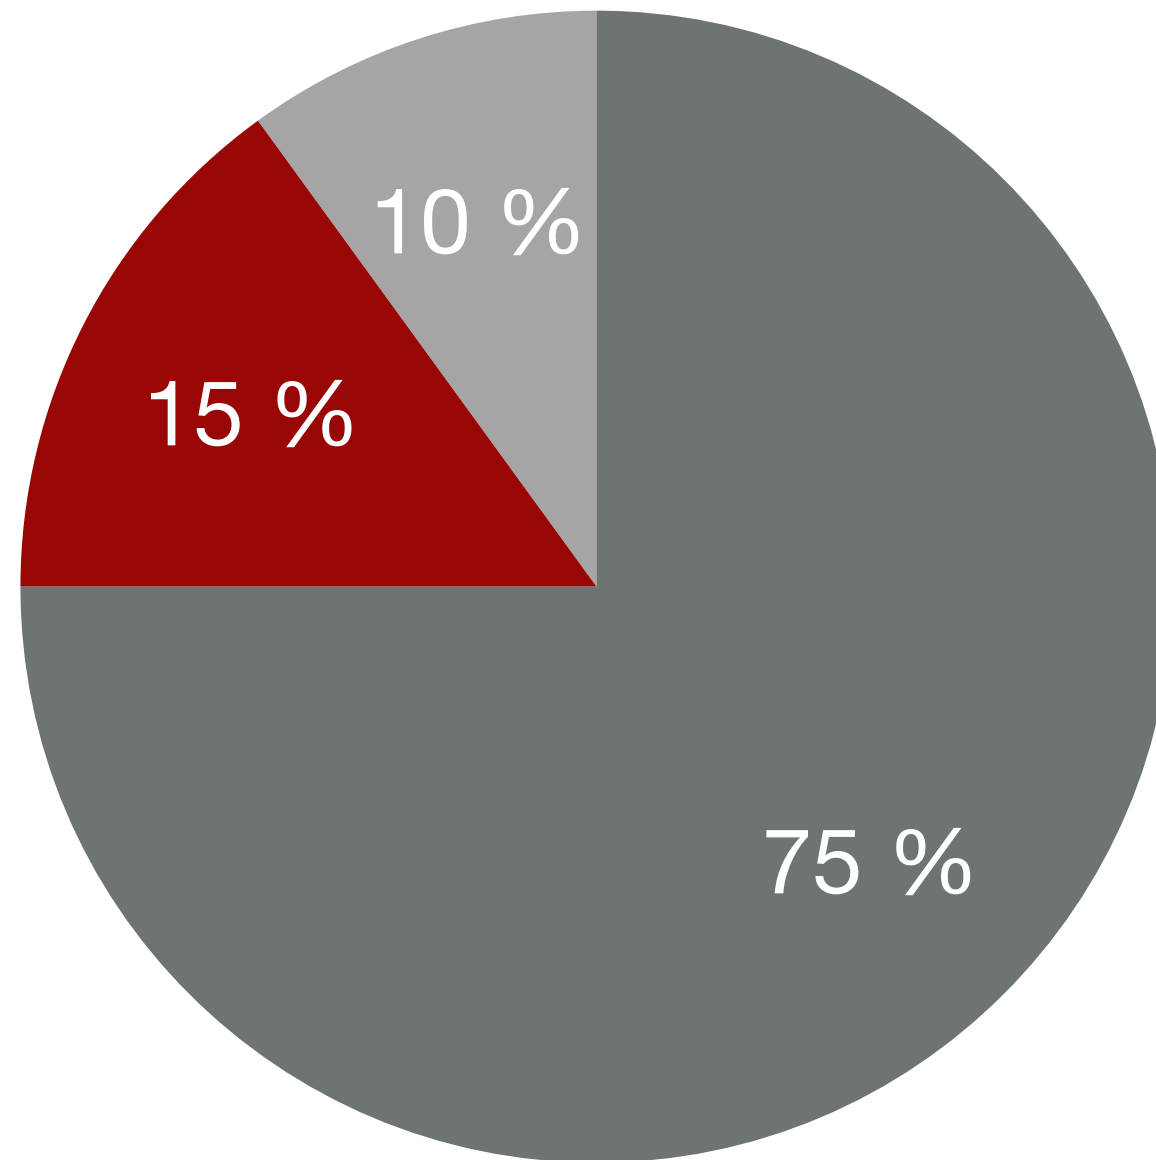

Validator

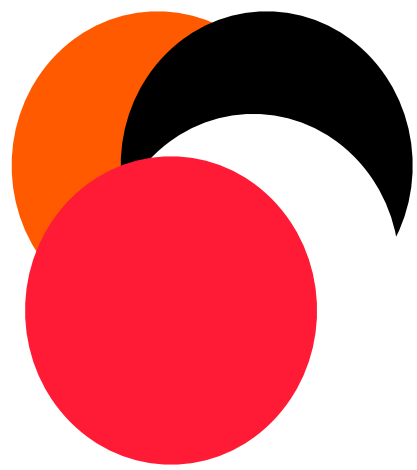

- undermine the BTSG
- get 15% fee of all transactions

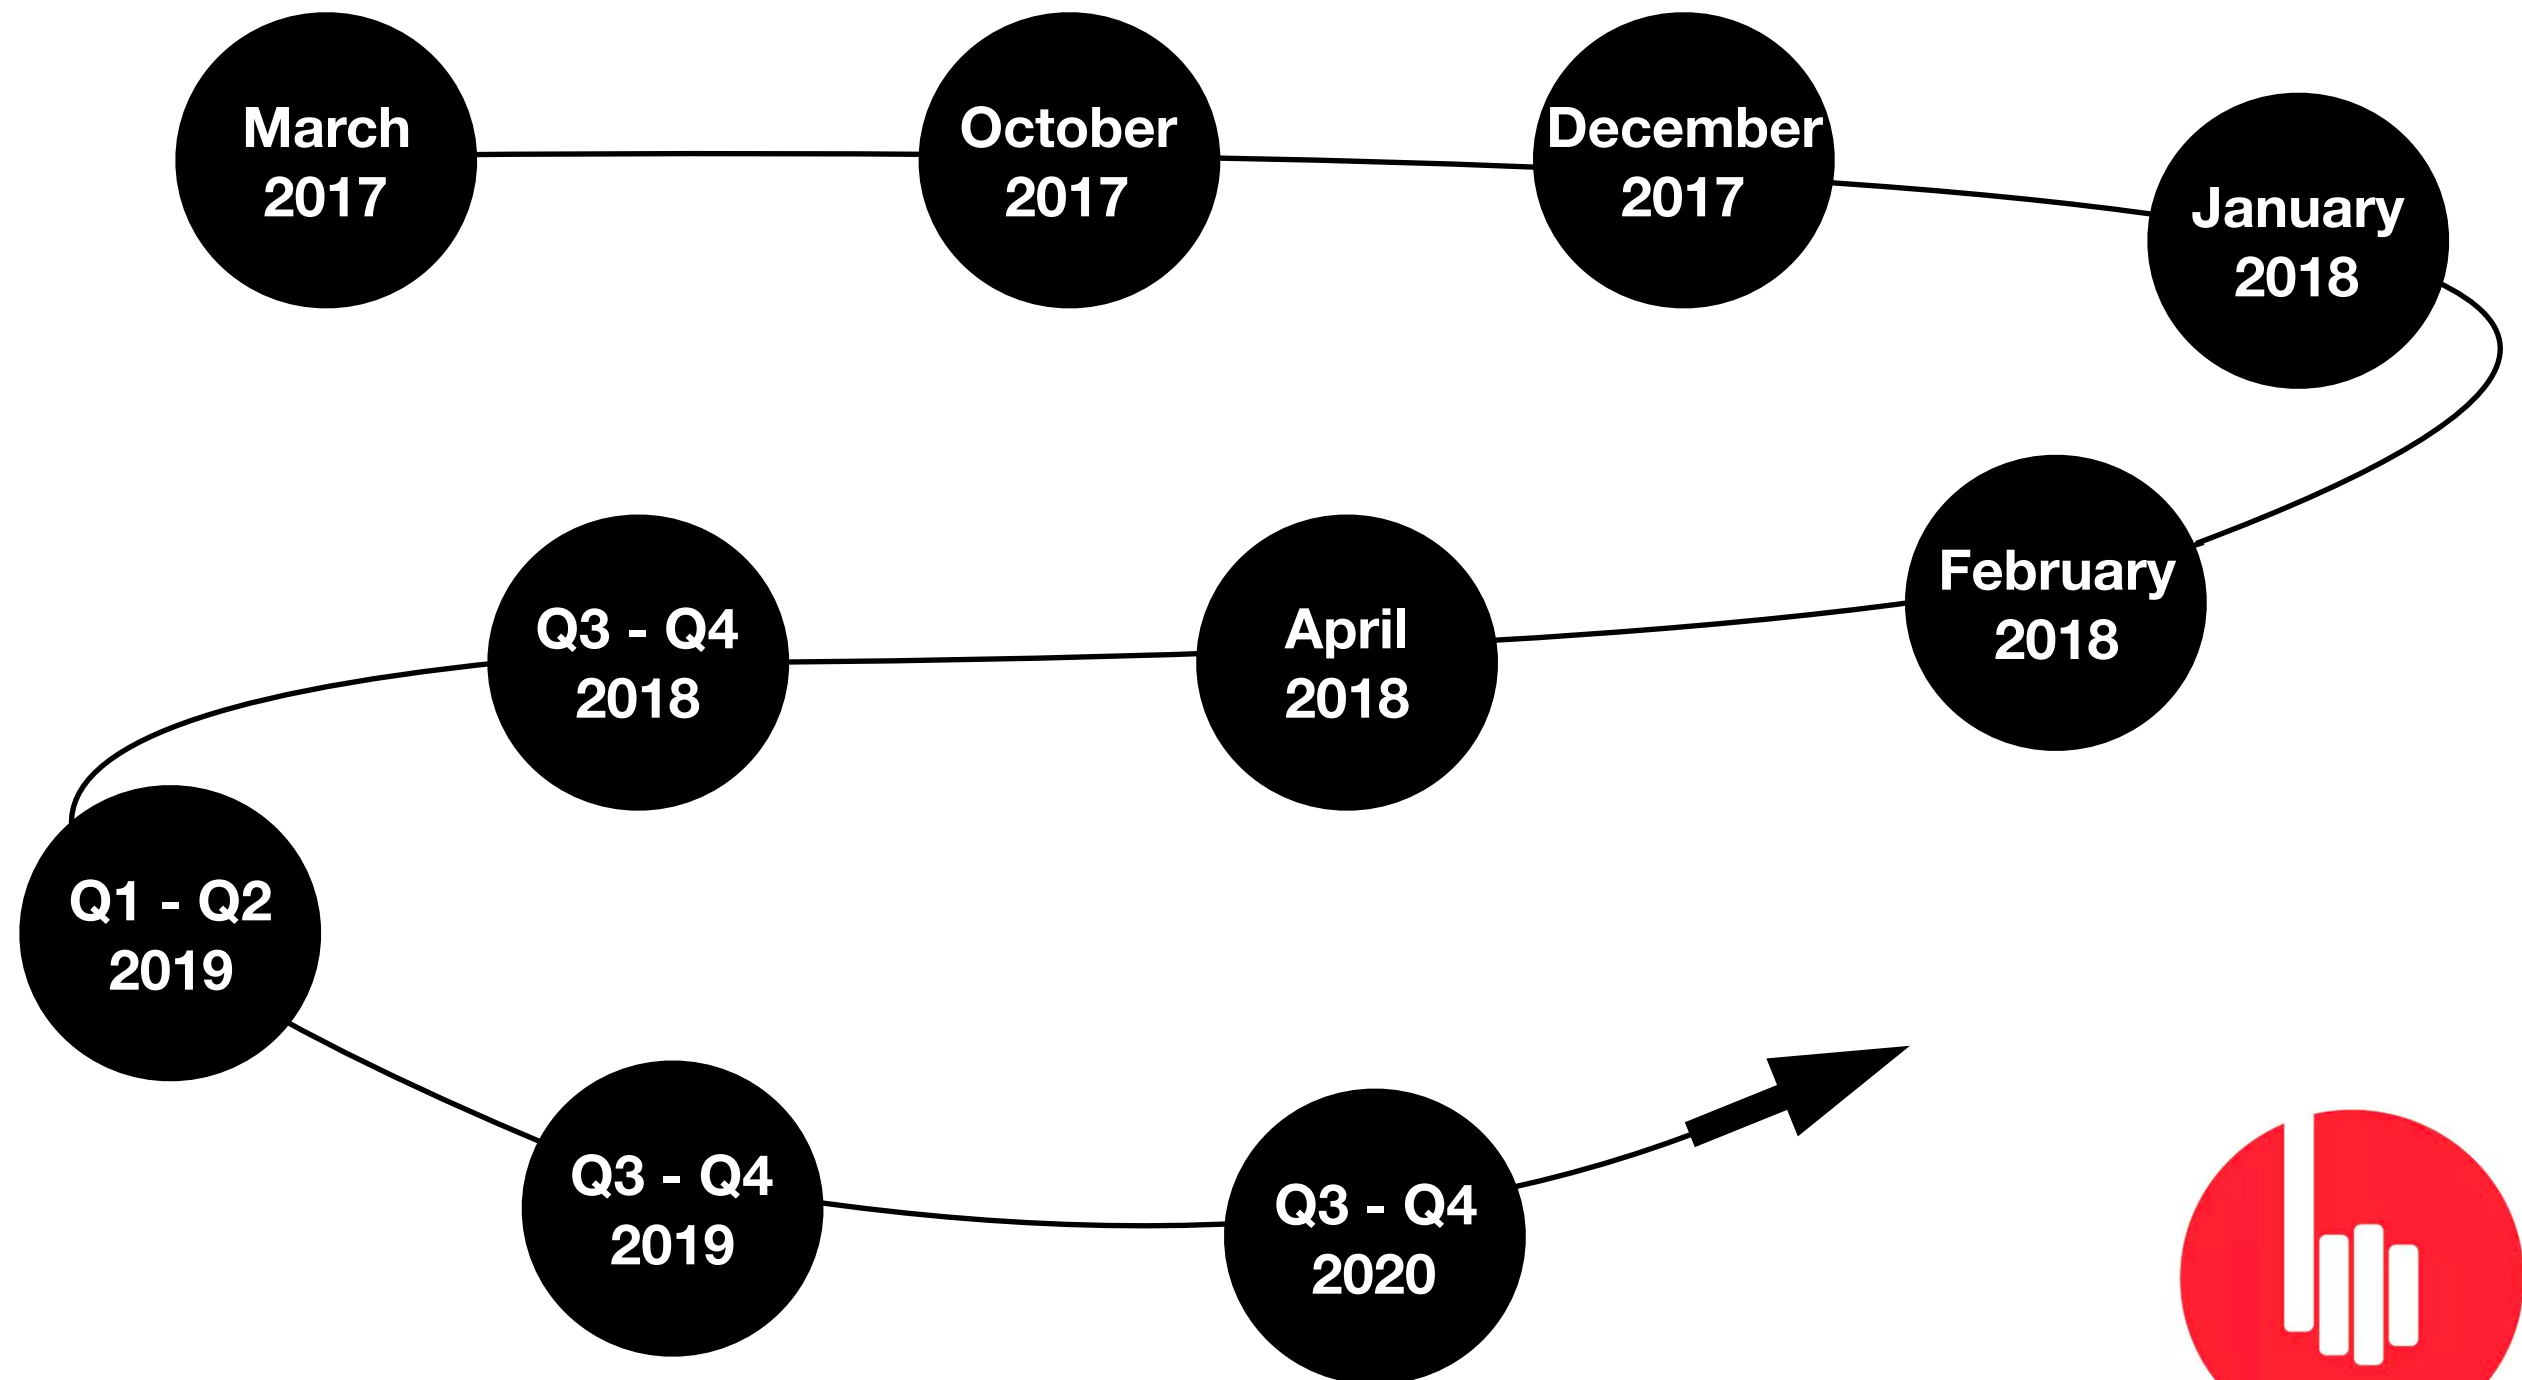

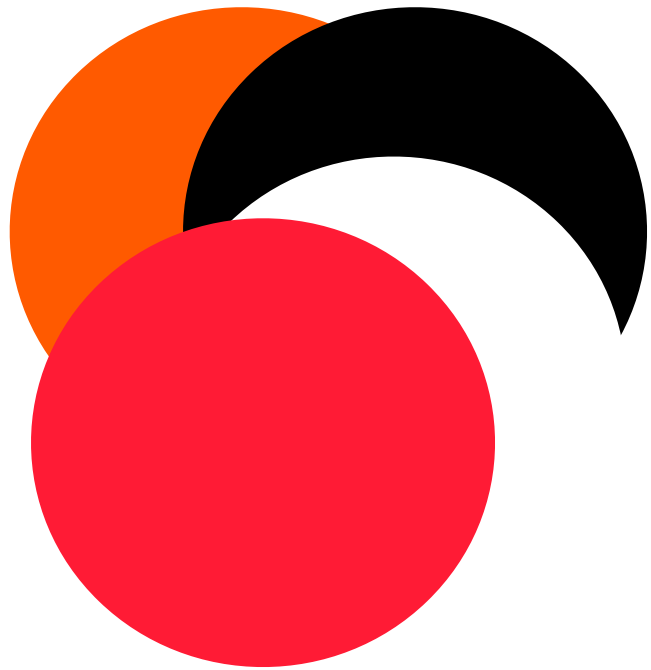

Rewarding Pool
