1. Why I choosed this software

I used Microsoft word because it is easy to use. I already know how to use word , so it did not take much time. It help me make a menu that is clear and easy to read.

2. What information I used

I used the menu items and there prices from the task. I put them in Breakfast, Lunch, snacks and Drinks. I check all the prices before I finsh.

3. How I made my menu.

First, I open Microsoft word. Then I added the title **FreshBite Meals**. After that, I type the menu items and prices. I make the title bigger and used bold heading. At the end, I checked my work and save it.

4. Changes I made.

At first my menu was look too plain. I make the title more bigger. I added more spaces between the items. I used bold heading because it are easy to see.

5. Feedback I used

I check the task again before I finish. I made sure all the menu items and prices was there . I changed the layout little bit because it look more nice.

6. Final explanation

I think my menu is easy to read. The heading help customer find the food quickly. The prices clear and menu look neat. I am happy with my final menu even if it have some small mistakes.
