Comments: <i>This essay demonstrates a critical attitude to the relevant scholarship, presenting an informed & engaged discussion on the issues at stake. Your approach to the essay topic is well thought out & leads to a sustained conclusion. Some of the issues could be discussed in more depth, such as the 'minimum positive requirement', and it places the presentation needs a bit more attention. But, overall, this is a very good piece of work that does not avoid difficulties in the topic.</i>
