Discussions on current state of field done well. The insights on National and International market is good. More comprehensive understanding on digital forensics tools required. Your discussion must provide more concrete reviews on the features, capabilities, relevances of the tools. Screenshots without any annotations makes it difficult to relate to your discussion and work. Task 3 report covering the hands on activities not documented. Screenshots provided without annotations and timestamps.	5.4

Very well discussed the significance of Digital Forensics, emerging trends and its key challenges. Analysis on open source and commerical tools done. Could have done this comparision with strong statements. Rather than long paragraphs, a comparative table/ point wise classification could have added value Articulation on the analysis of handson activities not documented	3.6
