

Record a video and save to OneDrive

The easiest way to submit a video to your tutor is through OneDrive. This guide shows you how to record a video using your iPhone or iPad and upload it to OneDrive.

1

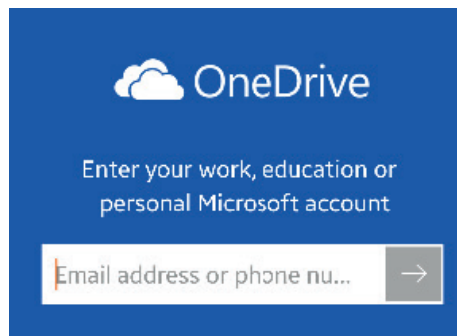

Setting up OneDrive

Go to the **App Store** on your iPhone or iPad

Search for and install **Microsoft OneDrive**

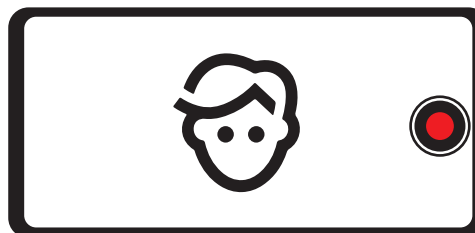

Open the app and Log in using your UWTSD details

2

Recording your video

Open your **Camera** app

Record your video

Don't forget to film in landscape and not portrait

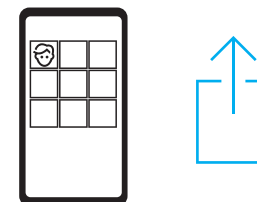

3

Uploading your video to OneDrive

When you've finished recording, open your **Gallery** app

Find and select your video, then select **Share**

Select **OneDrive**. If it is not one of the options you will need to select **More**. Locate OneDrive in the list, toggle it on then tap **Done** at the top right. You will then have the option to upload the file to your OneDrive.
