Just come back from Switzerland and I fel in love with the country. There is so much to do and the landscape is beautiful. It is by far the most incredible destination I've ever visited and I couldn't recommend it enough. Anyone ever visited the country and felt the same way? #TourismOnTour #TheWorldIsOurLectureTheatre

Love Switzerland!! Love their intelligent use of money. Public transportation for all gives their citizens such dignity. The elderly, the handicapped, the economically challenged can go about

economically challenged can go about their business easily. I wish to god the states would get on board.

Arrived Zurich Bern, Kern, Heerburg the train gives the best panoramic view of Switzerland. Lots to see, places too many to mention very skilled persons. Dont even realise there was a border between Switzerland and Austria.
