

How to Insert Hyperlinks in PowerPoint

Image 1: Link icon
(VectorStock, no date.)

Link to Another slide
Insert > Link > Place in This Document > Select Slide > Ok

Link to a File
Insert > Link > Existing File or Web Page > Browse > Select File > Ok

Email Link
Insert > Link > Address: [Mailto:you@example.com](mailto:you@example.com) > Subject > Ok

What is a hyperlink?
A hyperlink lets you link slides, files or websites so your presentation is easier to use and more interactive.
