About me

My name is Vladislav, I am 20 year old.

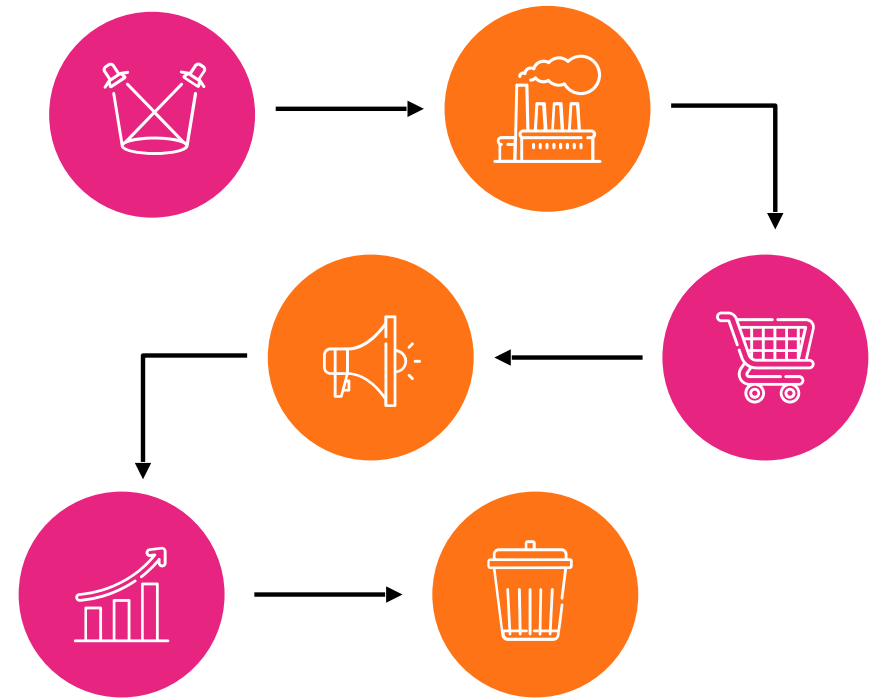

I am a student at University of Wales Trinity Saint David.(London Campus, 2021)

The place of living is London (United Kingdom).

Why did I chose this pathway?

I really love to follow a fashion industry and watch how big brands are still on top.

Shopping is my second name 😂 so the best way to save money for me is to not have them at all or you should close all shops. I like to be different than others because that makes me special and important for community.

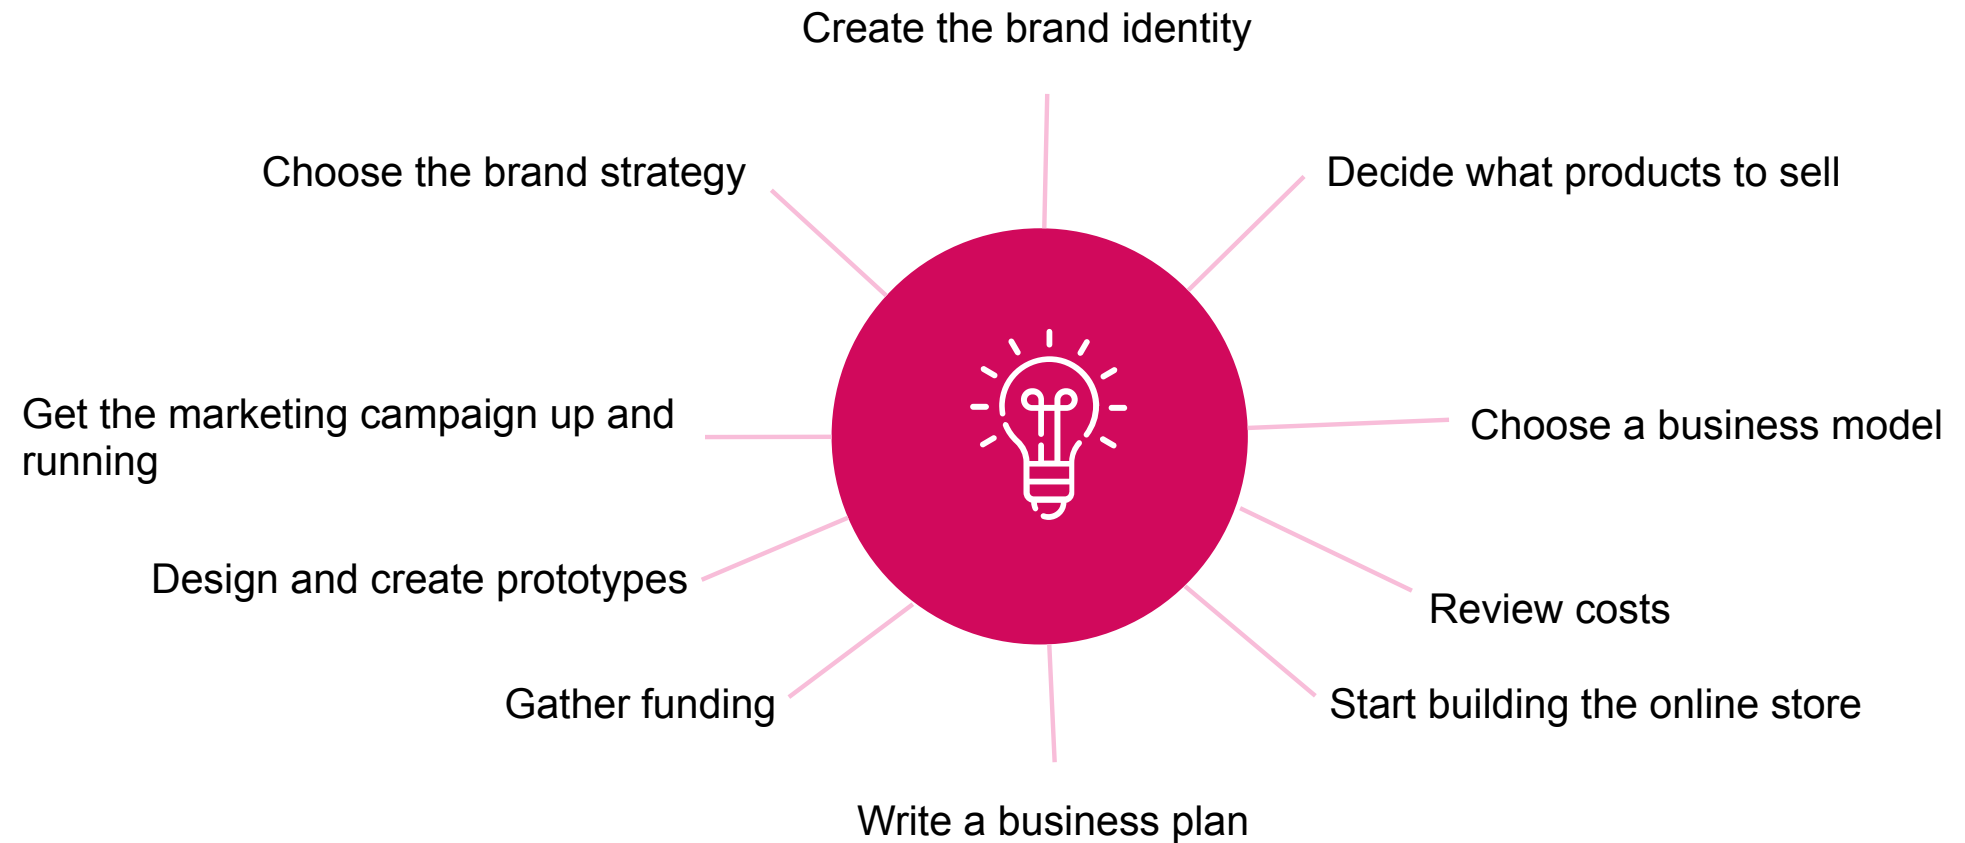

Introduction

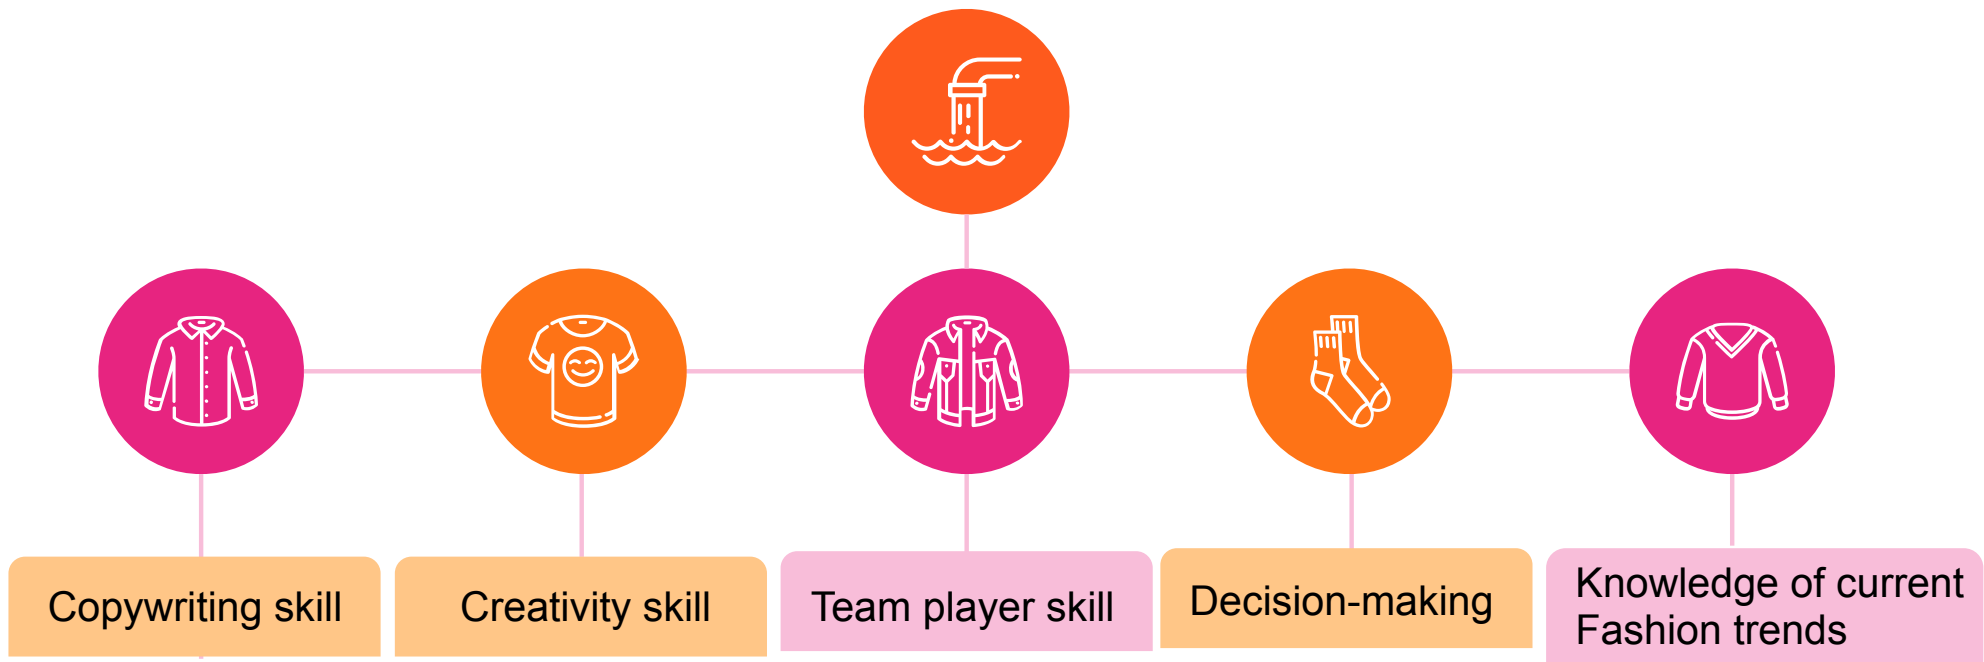

In this assignment I was required to prepare an oral presentation in which I must analyse my academic and employability skills based on my intended career. Using the tools, I learned in classes (e.g., SWOT Analysis, time management, PDP).
