POSTER

Thais Da Silva, 2323117

DIGITAL TECHNOLOGIES, ACCA4031.

the poster tries to show or inspire young people to be part of a technology or electronic world. On this case, It tries to involve them to the software development career, specially explaining the digital sources that they use mostly of the time in their jobs.

such as integrated development environments, programming languages, collaboration tools, data bases and version control. references

for the information used on the poster, it was use as reference these pages

<https://www.codegrip.tech/productivity/top-10-ide-every-developer-should-know/>

<https://www.geeksforgeeks.org/best-programming-language-for-software-development/>

<https://www.walturn.com/insights/top-6-databases-for-software-development-projects>

<https://www.taazaa.com/team-collaboration-tools/>

<https://www.youtube.com/watch?v=8HSjmgeJxqg>

Additionally, on the poster people can see pictures basically those pictures represent the companies or applications that they use for every digital source or as well, they are examples of them.

for integrated development environments, the picture is the logo of Visual Studio application

<https://canonical.com/blog/visual-studio-code-launches-as-a-snap>

Programming languages, Java as the best example for this, because it is one of the most popular programs.

<https://developers.redhat.com/articles/2022/04/19/java-17-whats-new-openjdk-container-awareness>

Collaboration tools, Microsoft Teams.

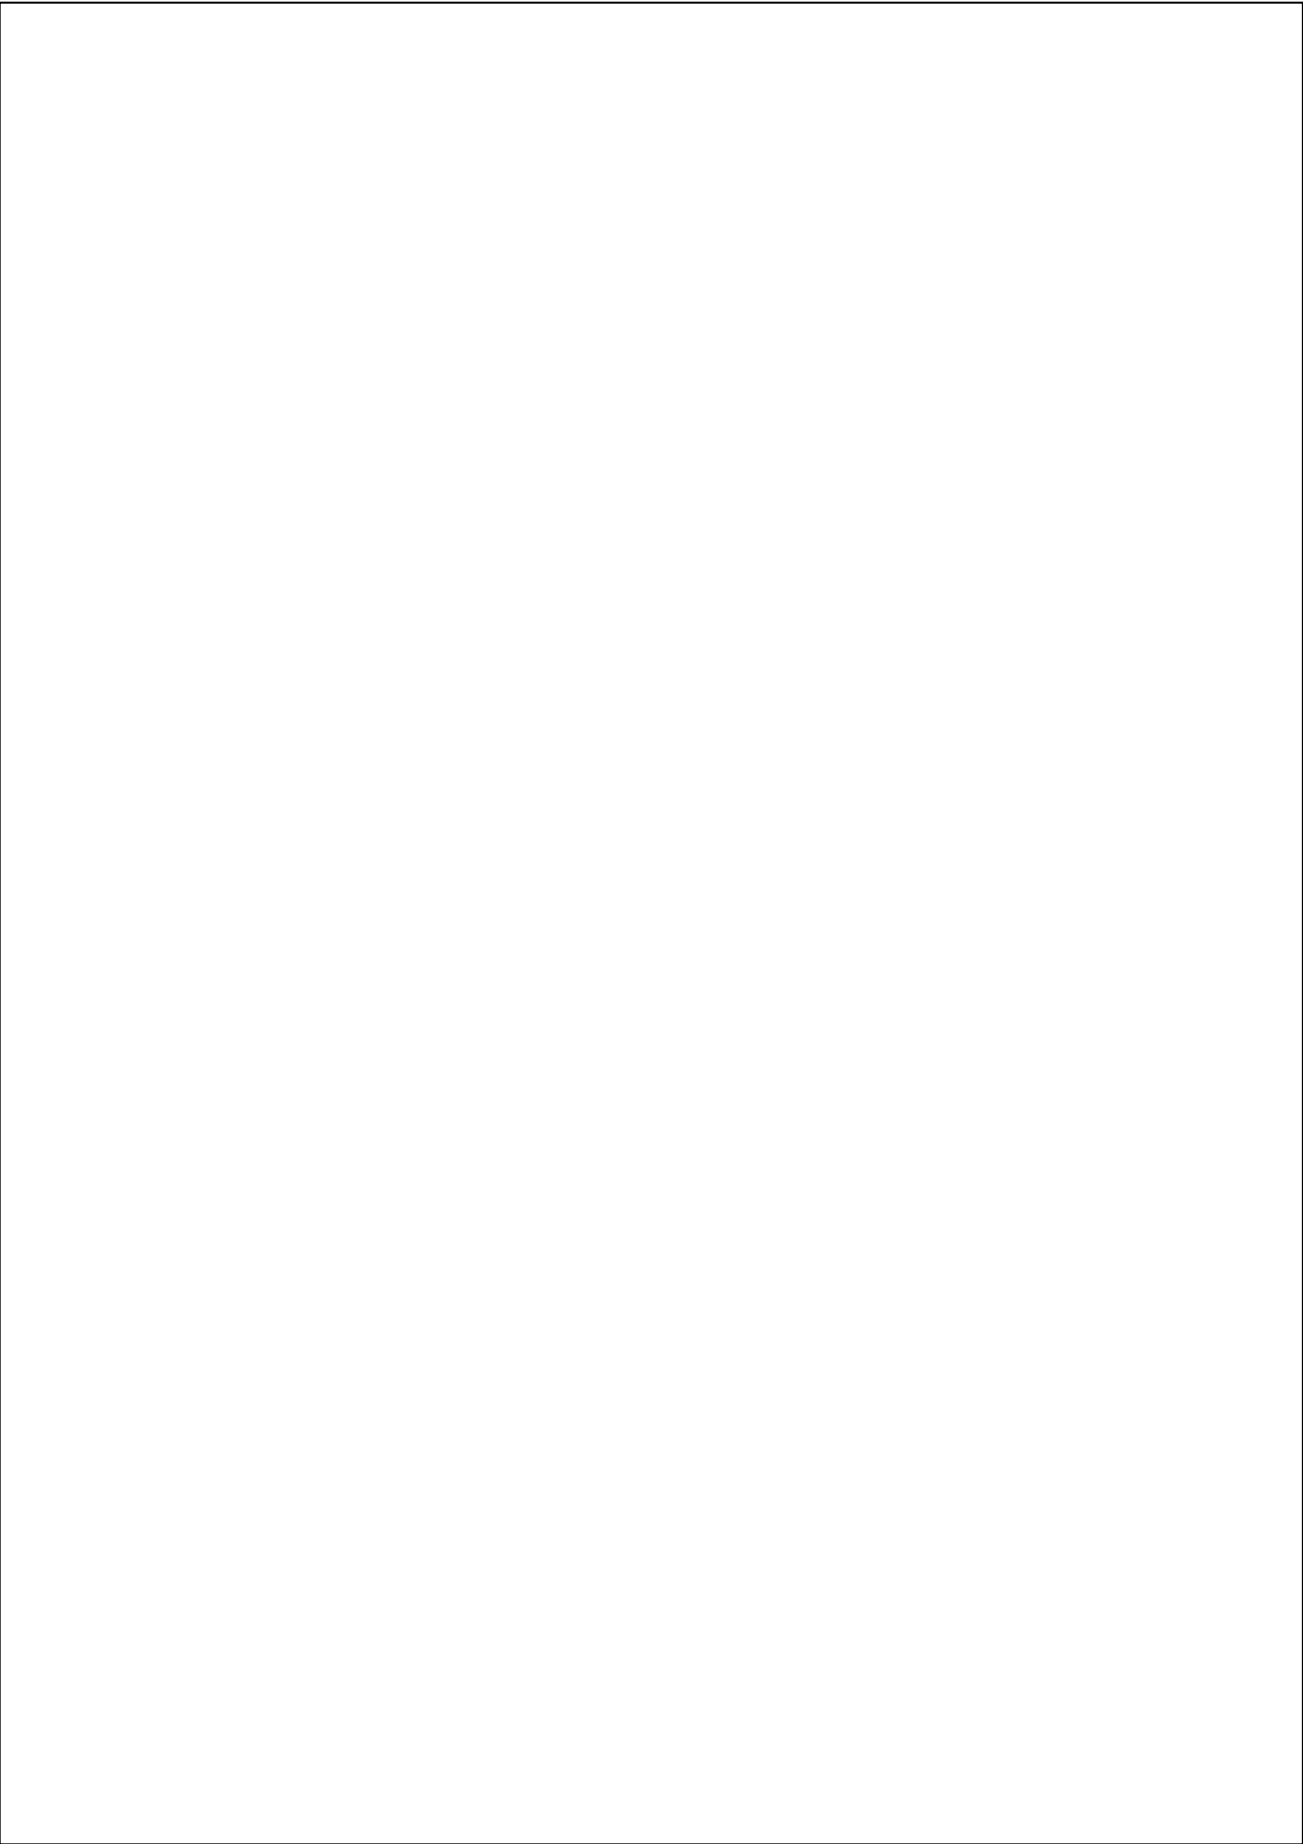

<https://www.hostinger.co.uk/tutorials/slack-alternatives>

Data bases, MySQL

<https://www.zend.com/blog/connecting-mysql-php>

Version control, GitHub

GRADEMARK REPORT

FINAL GRADE

47 / 100

GENERAL COMMENTS

POSTER (19%).

- .
Well presented poster, eye catching and clearly laid out.
- .
Good clear title and headings.
- .
Name included, could have added student number and module.
- .
Very brief text shows some knowledge.
- .
Referencing the text was a requirement.

REPORT (7%).

- .
Report is very brief and the layout could have been better, utilising headings, introduction and conclusion..
- .
Good use of cover page with title, name, number and module.
- .
Good justification given for choices in poster.
- .
References given, these would have been required to be done to IEEE conventions using numbering to the text and the numbering in a properly formed bibliography.

.
Reasonable
knowledge of tools shown.

**No evidence of 5 online courses
screenshots other than the knowledge gained
through the courses shown in the
presentation (0%).**

PRESENTATION (21%).

.
Good
layout of presentation, simple and clear.

.
Good
use of a theme.

.
Demonstration
of knowledge gained.
