

Shevonne Lebert

Business Skills For The International Hotel Industry

Assignment 1-Autobiographical Summary

My Name is Shevonne Lebert. I am 29 years old ,I live in Birmingham in a 1 bedroom flat with my daughter Imani she is 2 years old and she will be 3 years old in November on the 25th so I am busy planning her birthday for November, I find motherhood to be challenging yet it is very rewarding ,most of the time im finding new ways to keep my daughter busy and currently I am potty training my daughter but I am finding it challenging as every child develops at different stages.

In my spare time I like going out and about with my daughter to the city centre or to parks and play areas ,I am last born out of 3 children ,I also have a twin sister but we are not identical ,however you can still see the resemblance and often when we are out people will ask if we are twins ,I have 2 nieces and a nephew and I often have them over at my place on weekends for sleepovers, I also have a big brother he is 34 years old he lives in London as he had to move for work reasons as he works for the guardian as a editor.

I have just started studying International Hotel Management, I decided to study this university level course because I previously studied travel, hospitality and tourism at college level and I found it to be very interesting also in the past I have had many hospitality so I think a degree in international hotel management would be very good to obtain. I am currently learning how to drive and am hoping to book a test before Christmas time. In the future I would like to be working in a hospitality role and be successful, my main reasons for wanting to better myself is for my daughter just so I can be a good role model and support her properly. When I have achieved this my degree I would like to expand my family and maybe have 2 or 3 more kids. I really enjoy being a mother and can't wait to have more children. In the future I would also like to get a mortgage and buy a big house for my family so we can live comfortably. I would also like to take my daughter on holiday twice a year which is very achievable.
