Dear Hiring Manager,

I am writing to express my interest in an opportunity within your salon. I am enthusiastic about beginning a career in professional hairdressing and would be excited to develop my skills within a professional, welcoming, and client-focused environment.

Although I am at the beginning of my professional hairdressing journey, I bring strong transferable skills developed through managing household responsibilities and volunteering within my local community. These experiences have helped me develop excellent organisation, time management, cleanliness, reliability, and communication skills, as well as a warm and attentive approach when interacting with others.

I take pride in maintaining high standards of presentation and hygiene and understand the importance of creating an environment where clients feel comfortable and well looked after. I am a quick learner, highly adaptable, and genuinely eager to learn the practical skills and standards required within a professional salon.

Alongside my interest in hairdressing, I am currently studying BA (Hons) Business Management at the University of Wales Trinity Saint David. My studies have strengthened my understanding of organisation, customer behaviour, and professional environments, which I believe can complement my development within the beauty and hairdressing industry.

I would welcome the opportunity to contribute to your salon while learning from experienced professionals and developing my career. I am hardworking, dependable, approachable, and willing to learn, and I would be grateful for the opportunity to discuss how I could become a valuable member of your team.

Thank you for taking the time to consider my application. I look forward to hearing from you.

Yours sincerely,

Daniela Vasile
