Finding and Using Information will enhance your research skills.

Academic and InfoSkills

Our Skills programme is designed to create opportunities for students to develop their transferable academic and information skills, facilitating both their academic success and employability. The curriculum covers a wide range of topics – from finding library resources to fake news to managing your online presence.

Our team of Academic Liaison Librarians have developed a series of online Units that allow you to develop your skills anywhere, anytime, to suit you. Click the tiles below to get started:

Link to the Library & Learning Resources page from Moodle.

The screenshot shows a Moodle course interface for the University of Wales Trinity Saint David. The top navigation bar includes links for 'Dashboard', 'My modules', 'Moodle archives', and 'Useful links'. The 'Useful links' dropdown menu is open, showing options: 'Calendar', 'Email', 'Library & Learning Resources', 'MyTSD', 'Hwb', and 'I.T.Service Desk'. The 'Library & Learning Resources' option is highlighted with a red box. Below the navigation bar, the course title 'Independent Project (BMHP6020)' is displayed. The main content area shows a 'Welcome' message from Dr Eleni Koutsogeorgou-Andreou, Programme Manager for BSc Health and Social Care, UWTSD, London campus. The email address e.koutsogeorgou@uwtsd.ac.uk is provided.

SIMPLE SEARCH

Look at the results. Are they relevant?

Save query (save search) or favourite individual articles.

The screenshot shows a library search interface. On the left is a sidebar with filters: 'Tweak my results', 'Expand My Results' (toggle), 'Sort by Relevance', 'Availability' (Full Text Online, Peer-reviewed Journals, Open Access), 'Resource Type' (Articles (266), Review Articles (45), Preprints (1), Newspapers search), and 'Collection' (BACON - Hindawi Publishing Corporation - GLOBAL_ALLTITLES (11), BMJ Open Access Journals (9), DOAJ Directory of Open Access Journals (122)). The main area displays search results. At the top, '0 selected' and 'PAGE 1' are shown. A dropdown menu is set to '1-50 of 266 Results', and a 'Save query' button is highlighted with a red circle. A 'Personalize' toggle is also visible. The first result, 'Exercise in adults with type 1 diabetes mellitus' by Riddell, Michael C ; Peters, Anne L, is highlighted with a red circle. It includes a citation from 'Nature reviews. Endocrinology, 2023-02, Vol.19 (2), p.98-111' and a quote: '... in individuals with type 1 diabetes mellitus (T1DM). A complex neuroendocrine response to an acute exercise session helps to maintain circulating levels of glucose in a fairly tight range in healthy individuals, while several abnormal physiological...'. It is marked 'PEER REVIEWED' and has a 'REVIEW ARTICLE' button. Below the title are links for 'Read Article', 'Full text available', and 'View Issue Contents'. The second result, 'The management of type 1 diabetes in adults. A consensus report by the American Diabetes Association (ADA) and the European Association for the Study of Diabetes (EASD)', is also highlighted with a red circle. It is a 'PEER REVIEWED' and 'OPEN ACCESS' article from 'Diabetologia, 2021-12, Vol.64 (12), p.2609-2652'. It includes a quote: '... convened a writing group to develop a consensus statement on the management of type 1 diabetes in adults...'. It has links for 'Download Article', 'Full text available', and 'View Issue Contents'. The third result, 'A statistical virtual patient population for the glucoregulatory system in type 1 diabetes', is partially visible. Each result has a set of icons (share, save, email, etc.) to its right, with the save icon highlighted by a red circle in the first result.

The screenshot shows the RefWorks web interface. At the top is a blue header with the 'RefWorks' logo, 'Untitled Project', and several icons. Below the header is a toolbar with icons for adding, editing, and searching. A red circle highlights the quotation mark icon in the toolbar. The main content area displays a list of references under the heading 'Diabetes (viewing 1 – 2 of 2 references)'. On the left side of the reference list, there is a vertical sidebar with icons for different views. A red circle highlights the 'Select all on this page (2)' checkbox in this sidebar. The reference list itself contains two entries, each with a checkbox on the left. The first entry is 'Ref ID: 114' with the title 'Diabetes UK. (2023, June 8). Type 1 diabetes' and a folder icon labeled 'Diabetes'. The second entry is 'Ref ID: 113' with the title 'Rojas-Martínez, Rosalba; Basto-Abreu, Ana... Barrientos-Gutiérrez, Tonatihu. (2018). Prevalence of previously diagnosed diab...' and several tags including 'Diabetes', 'Adult', 'Diabetes Mellitu...', and '+12'.
