"Emerging DIY artist TROI organises her own EU Music Tour"

If this doesn't inspire all the hard working DIY musicians out there, TROI is vlogging her whole travelling experience, so be sure to check her out and get inspired!

Hertfordshire: Following a very successful 2 year marketing campaign which TROI put together herself from her home in the UK after finishing her Masters at Tileyard in 2020, she's on an unwavering flight to big achievements. She has planned her EU Tour of 9 countries, starting in Norway and going on to Sweden, Denmark, Germany, France, Spain, Italy, Austria and finally Poland. This is a huge deal for young aspiring songwriters and musicians out there!

It's been 2 years since TROI's first single 'Mindfulness' from her compilation album 'Reflection' 2022 that received an impressive 5K streams on Spotify and over 10K views on Facebook and YouTube. Considering TROI started 2019 with only 12 monthly listeners on Spotify, her perseverance, creativity and success has proved remarkable as she has now gained 200 monthly listeners! She is now in a very exciting position to be expanding her music and fan base out of the UK and into the EU, so watch out EUROPE!

To keep up momentum, TROI has planned:

- Regular interactive travelling vlogs of her journey and music with options for donations
- Updated and exciting new merch
- Another album collecting songs she has written in/about each country

About TROI: TROI is a UK based artist and singer/songwriter from Hertfordshire. She fuses her influence of English folk music with modern pop production to create a unique folk/pop genre. TROI wishes to keep live music alive and to inspire mindfulness, gratitude, compassion and open mindedness through her music, yoga, meditation and travels. Full of a strong love for life, TROI continues her passion for songwriting and performing, and is looking forward to a very exciting future ahead.
