

Jordan Suckley – Hold Me Remix Competition Brief

Welcome to the official remix competition for "Hold Me" from Jordan Suckley.

Jordan Suckley is a producer and composer based in the UK. He's had No. 1's on the US iTunes Dance Charts and garnered support from the likes of Armin van Buuren and Paul van Dyk and others. Now he's here on metapop!

"Hold Me" is a straight up trance banger. Massive super saws over a solid 4/4 beat and some beautifully subtle vocals combine to create a melodic trance anthem! Now's your chance to add your own sound to the mix. Which way can you flip it?

Got what it takes to become our next #RemixThis champion? Enter your remix now for a chance to win our exclusive grand prize including the latest Native Instruments pro software and more. Good luck!

Breakbeat remix feedback notes: Perception of vocal coming in late possibly due to very wet delay effect, this has been reduced in this version

Psytrance remix feedback notes: Bass harmonics now added to create better translation across different systems; increasing this any further would be uncharacteristic for the genre. (Hopefully) greater clarity in the final mix.
