

I do a bit of buying and selling in my spare time to make extra money for my family as times are hard.

I am not a criminal and I only buy
small things. I can sell easily at a car boot
sale

I always buy and sell in good faith and I am not dishonest at all.

I am a hard working person.
I went to the unit to meet a man named 'Jon' /
met him at a car boot sale he was selling electronic
items from a red van.

He told me he had a leaf blower I could buy from him and asked me to meet him at his work.

I am not a Greer.

I am very upset that my character has been
questioned and I will help the police as much as
I can.
