Vision Statement

Our school will endeavour to provide a challenging and stimulating experience-based curriculum for every child and this in the security of a happy and welcoming aesthetic learning environment.

We envisage all children achieving their full potential as independent learners in order ultimately to take their place in society as confident, tolerant and courteous people.

At all times we strive to promote a culture wherein we feel a sense of belonging and pride in our school and also a belief in ourselves as individual members of both the school and the wider community.

I HEAR AND I FORGET

I SEE AND I REMEMBER

I DO AND I UNDERSTAND

(Confucius 551-479BC)

A supportive whole-school ethos helps
to create a strong foundation for
delivering a stimulating curriculum and
for raising standards and improving
pupils' work.

“When a flower doesn’t bloom, you fix
the environment in which it grows, not
the flower.”

Alexander Den Heijer

At Ynystawe we have always been about the children, putting them at the centre of our curriculum. Our creative curriculum is based on The Leonardo Effect principles and sound Foundation Phase pedagogy.
