Introduction

The website called “Surfer” is meant to be a surfing information resource for the South Wales. It contains articles about the most attractive beaches on South West Wales for surfers. Also, it has a part with details about the equipment necessary to practice surfing in the Britain’s cold waters.

Requirements

The website is being addressed to the surfers community. The purpose of it, is to give as much information as possible related to the beaches in South West Wales, how big the waves are, if it’s a rocky or sandy beach, tides. Also, on each beach page, the visitor can find directions to that beach and parking information as well.

Another important part of the website is the necessary equipment to practice surfing in the Atlantic cold waters.

Implementation

GRADING FORM: GJ_2019

CRISTIAN-STEFAN STANCU

100

ENGAGEMENT WITH LITERATURE

No referencing or use of citations at all. You MUST include evidence of external research and present it in the IEEE numeric format if the brief requests it (and many (most!) assignments will during the course of your studies)

KNOWLEDGE AND UNDERSTANDING

There is virtually nothing in the report that covers what is required for this section! Read the brief!!

COGNITIVE AND INTELLECTUAL

PRACTICAL APPLICATION

A reasonable, responsive website design. Although it doesn't have things like forms or lists etc that were covered in class and so rely's mostly on bootstrap. However the assignment would have passed with decent marks if the actual REPORT would have covered the areas required - the website itself is ok.

60

TRANSFERABLE SKILLS

Reasonably well-presented report but far too brief. Could have included more detail Note - Would have benefited from a more formalised layout, such as breaking down the assignment into more detailed numbered sections that follow the 1. 1.1

40

1.2 2. Style (you'll need to do this in the future for things such as Yr3 major project report!) Would have benefited in having more images/screengrabs etc in the main body of the text to give context and meaning.
