YUNGBLUD

YUNGBLUD is an extraordinary and upcoming artist from Doncaster, who has a distinctive style and shares the views of the new generation of music consumers; Generation Z. At 23 years old he has entered the music scene with an incomparable passion and drive for acceptance for everyone through the common themes of gender and self-acceptance on his singles, and his striking clothing choices.

NEWEST SINGLE

YUNGBLUD's message to his fans is to always be yourself and he is constantly promoting self-love. This is captured through the music video for 'break the chains'. The title 'break the chains' relates to YUNGBLUD breaking free from gender norms, but the audience can interpret the song in whatever way they feel relates to their own story.

PREVIOUS ALBUM

Gender, love, and grief. This album covers it all. Everyone can relate to YUNGBLUD's music and he doesn't shy away from difficult topics. A voice of the generation and not afraid to speak his mind, YUNGBLUD is clearly a strong force within the music scene. This album won two awards in 2020 and there will be many more to come in the future.
