

# MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

| Common Assessment Criteria Applied                                                                                                                                                                                                                                                                                                                                                           | Marks Available | Marks Awarded |

| <b>2. Knowledge and Understanding Skills</b>                                                                                                                                                                                                                                                                                                                                                 |                 |               |
| Upon examination of you JS, it is somewhat limited, but it does demonstrates your work with the API. Annotated listing is fine and code indented correctly                                                                                                                                                                                                                                   | 15              | 5             |
| <b>3. Cognitive and Intellectual Skills</b>                                                                                                                                                                                                                                                                                                                                                  |                 |               |
| As discussed from your first assignment in this module - the approach taken from start to finish is not obvious. Elements around HTML development are fine, but the emphasis here relates to the various API's - what you have provided is a discussion on the solution and not the "path" taken in its development. Also, where is the API documentation for 3rd party developers (missing) | 15              | 7             |
| <b>4. Practical Application Skills</b>                                                                                                                                                                                                                                                                                                                                                       |                 |               |
| Although you have a mobile enabled website, it is lacking relevant features that demonstrate the require API calls (you needed 3 working). Site is well presented and easy to use.                                                                                                                                                                                                           | 70              | 23            |
| <b>5. Transferable Skills for Life and Professional Practice</b>                                                                                                                                                                                                                                                                                                                             |                 |               |
