Full job description

We are looking for a mobile mechanic for Otto Scooter.

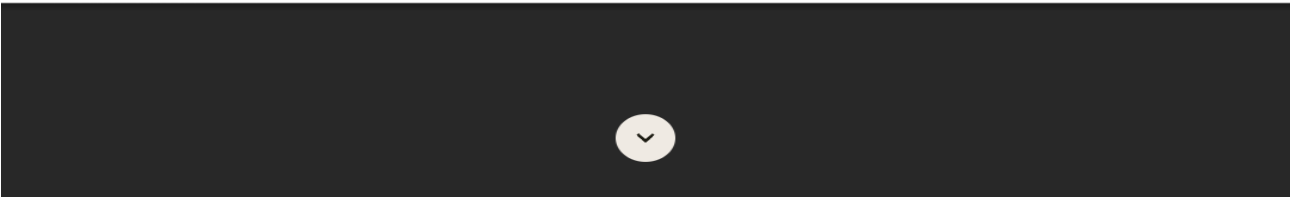

You will join one of the largest two wheels fleet in the county, providing hundreds of electric vehicles to delivery fleets across the UK.

You will be required to service electric mopeds, electric bicycles, and electric motorcycles at clients premises predominantly in and around London.

Carry out routine servicing or maintenance on fleet electric bicycles, electric mopeds and electric motorcycles

Electric Mopeds Mechanic - London - London W6 0LH - Indeed.com

are a bonus). However, we will also consider applications from candidates with strong transferable skills, and a passion for the role.

Experience maintaining a moped is a definite must.

The team here at Otto Scooter/CYCL Scooters, as well as its sister company Otto Car, are extremely open to new ideas, and you will have the chance to produce work that you will visibly see the results of on a day to day basis, and which will directly impact the experience of thousands of existing drivers and riders.

This is a fantastic opportunity for ambitious candidates that want to join a growing team, with plenty of opportunities for career progression, and are able to adapt and make the role their own.

This means we are not only looking for a good level of experience, but individuals who can express themselves well, take charge of situations where they are most needed, and who can think effectively on their feet.

If this sounds like you then we would love to hear from you.

Get in touch by submitting an application with your CV, and a Cover Letter explaining your reasons for applying.

The Interview Process

- Phone/Video Call: We'll get on a 15 minute phone call where we will discuss the role, your experience and answer any questions you may have.
- Face to Face Interview: Successful candidates will be asked to attend an interview in-person.
