Supporting Materials	/10	/10	2 /10	/10
TOTAL	/100	/100	47 /100	/100

Comments:

Very short presentation. more discussion needed on all areas of the project. Very brief discussion on background of project and key findings on related work. This needs to be ~~more~~ elaborated more to give better explanation.

more discussion/analysis on experiment & evaluation of results is needed to add strength.

Done the work but need explanation and analysis.
