

Accessing Archived Moodle Modules & Feedback

Official Student User Guide • How to View Previous Submissions, Marks, and Feedback (June Term)

Overview: Once an academic term concludes, modules are moved into historical read-only storage. Follow these steps to locate your submitted coursework files, Turnitin similarity reports, and tutor feedback.

STEP 1 Access the Moodle Archives Dropdown

Log in to your standard University Moodle portal. On the main top navigation menu, locate and click the **Moodle archives** dropdown menu.

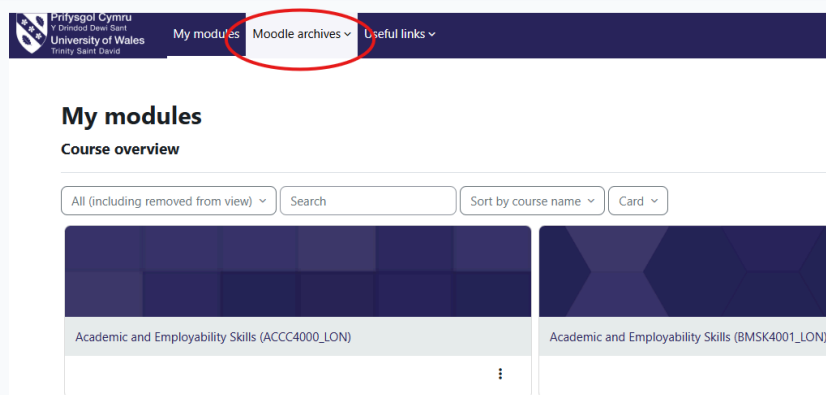

Figure 1: Main navigation menu showing the "Moodle archives" link.

STEP 2 Select the Appropriate Academic Year

From the archive list, select **Moodle 2025/2026** (or the relevant archive period for your June term modules) to open the archived university portal.

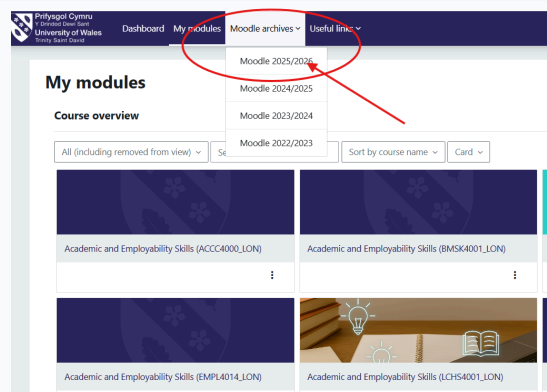

Figure 2: Selecting "Moodle 2025/2026" from the archive menu list.

STEP 3 Search for Your Module Code or Name

Once in the Archive banner view (labeled *ARCHIVE ARCHIVE MOODLE 2025/26*), type your module code (e.g. **LCLM4001**) into the **Search for modules** bar and press Enter or the search icon.

Search for modules

Figure 3: Searching for the required module code in the archive repository.

STEP 4 Open Assessment Information & Submission

Click into your course module page. Under the course banner, locate and click the **Assessment information and submission** tile to enter the assignment area.

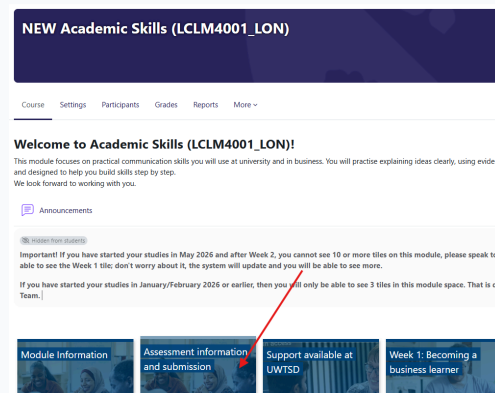

Figure 4: Entering the "Assessment information and submission" module tile.

STEP 5 Select the Assessment to View Submissions & Feedback

Click on the relevant assignment link (e.g. **AS1: Reading & Note Taking** or **AS2: Paragraph Writing**). Your Turnitin submission inbox will load with your grade, uploaded files, and feedback bubble.

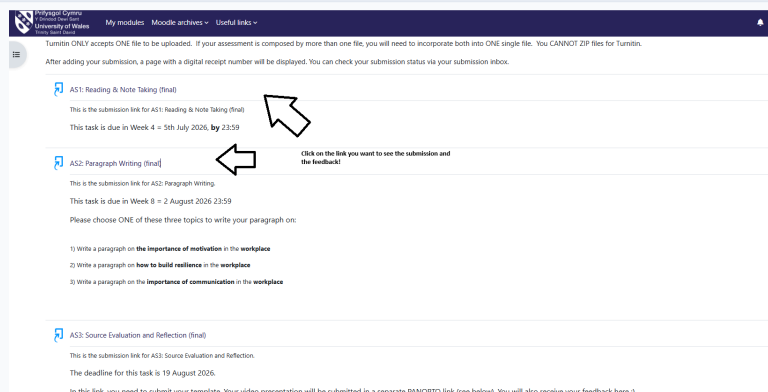

Figure 5: Clicking the individual assessment link to review submitted work and feedback.

Support Note: If your feedback score or comments do not display immediately upon clicking the assignment title, verify your browser pop-up permissions to ensure the Turnitin Document Viewer window opens correctly.
