

Your new Moodle Module: Edit the Tile image

Step 1: On your module, click **Course Management** and click **edit course settings**

Step 2: On the edit course settings page scroll down to Course summary files.

Step 3: Drag and Drop an appropriate image (remembering copyright restrictions) into the box with the blue arrow. It will appear as a thumbnail image.

Step 4: Scroll down and click Save and display.

When you return to the Moodle Home you will see the image on your module tile.

Save and display
