Not applicable – as per assignment sheet		N/A

3. Cognitive and Intellectual Skills		
The evidence presented in the report is very limited and largely descriptive work, with superficial use of critical evaluation and analysis of concepts and principles. Overall, the report is incomplete and doesn't provide sufficient detail to achieve a pass for this element of the assignment.	15	4
4. Practical Application Skills		
The website matches the requirements of the assignment as follows: - It is a three page site with navigation. The site demonstrates a number of mobile features including data input validation. - It implements a customised style. - It makes an AJAX call to a public JSON API, however there is no evidence of a AJAX call to a local JSON file The site is readable, with some navigation and layout appropriate to the site.
