In-text citations done. However, more academic credible literatures required. Could have added more summaries and critical appraisals. Rather than citing the entire topic, it would be great to in-text cite them. Valid Points discussed. However, discussions like Current state of field, job market etc needs more appropriate in-text citations.	9.8

Knowledge and Understanding Skills	15

Discussions on current state of field, various forensic tools etc are addressed well in the report. Tabulated comparison is highly appreciated. However, more tools could have added value to the work. More detailed insight on National and international job markets required. Comprehensive understanding of tools documented. Team Formed as per the criteria. Appropriate Theme based scenario given. The description of the challenge is clear. Could have given more detailed description on the challenge posted. Roles and responsibilities well set Thorough understanding on the given scenario is exhibited. Key challenges identified and objectives well set. Presentation (Task 3) could have been better.	12.8

Very well discussed the significance of Digital Forensics, emerging trends and its key challenges Open source tools compared well. Discussed the pros and cons. Tabulated discussion makes it very easy to follow and reflects your understanding. As a team, articulated the analysis and the investigation within the drafted scenario. Well maintained Chain of Custody. Measures taken to maintain the integrity and admissibility of the evidence. However, need to be more careful while handling evidences. (Task 4 - evidence had issues that resulted in factory reset.) Data extraction done as per merits. Evidences identified. More elaborate discussion on the findings could have added value to the work.	14.9

Practical Application Skills	30
