UWTSD LONDON – TRANSFORMING EDUCATION, TRANSFORMING LIVES

A Two-Day Welsh Campus Experience

On 2nd July, students from the Business CertHE, BA Leadership & Management, and BA Business Management programmes embarked on a two-day visit to UWTSD's Lampeter and Carmarthen campuses. This trip offered a deeper look into the university's history, facilities, and academic life beyond London. At Lampeter Campus, Dr. Anupam Mazumdar guided students through the scenic grounds of Wales's oldest university campus, and one of the oldest campuses in the U.K. The group then headed to Carmarthen Campus, where they experienced student accommodation and dining.

Day two featured a campus tour led by Dr. Errietta Bissa, Head of Academic Development, who shared insights into UWTSD's academic vision and heritage. Students also participated in workshops on AI in Education or AI in Business, exploring how artificial intelligence is shaping various industries. The AI in Business workshop was led by Carmarthen lecturer and former UWTSD student, Christine Joy.

Here's what some students had to say about the trip:

"I enjoyed the short tour of the historical places and second, [what] really captivated me was the AI technology...I explored the VR workshop and saw the environment created by professional artists and this was really awesome" (Khrystyna)

"I enjoyed the campus, being able to be in different cities in Wales, and I loved the sightseeing" (Kimesha)

"The trip was wonderful...the lectures were good, I got to see some lovely sights of the university and I got to learn more about the university" (Henry)

"I enjoyed everything. I've never been in Wales so I enjoyed the nature, the people, meeting new people as well, like the BA [students]...I loved it" (Diana)

The visit offered students not only a glimpse into life at UWTSD's Welsh campuses, but also a chance to connect, learn, and be inspired by the future of education and technology.

Smart Vending: What That £5 Notification Really Means

Smart vending machines offer quick and easy access to snacks, but it's important to understand how the payment system works.

When you open the machine, your banking app may show a **£5 pre-authorisation**, this is **not a charge per item**. You'll only be charged the **actual price** of the items you take after closing the door and tapping "Pay" on the screen. To track your purchases, download the **Lova App**

- [Lova on Google Play](#)
- [Lova on App Store](#)

Scan the QR code for an **electronic receipt**. If needed, a **screenshot of your bank charge** with a timestamp can help verify your transaction.

Enjoy the convenience - just grab, tap, and go with confidence.

No Eating in Classrooms: Please Use Designated Areas

To maintain a clean and respectful learning environment, students are reminded that **eating is not allowed in classrooms**.

We've provided comfortable, designated spaces for meals and snacks — including the **Student Common Room** and the **Break Area** on the first floor. These spaces are designed for relaxation and socialising, while keeping learning areas tidy and distraction-free.

Let's work together to keep our classrooms clean and focused for everyone.
