

Student Name: Peter William Smyth

Engagement with Literature Skills	8	10
Knowledge and Understanding Skills	16	20
Cognitive and Intellectual Skills	15	20
Practical Application Skills	25	30
Transferable Skills for Life and Professional Practice	17	20
Total Marks	81	100

Engagement with Literature Skills

The work demonstrates engagement with a diverse academic and industry sources, with clear in-text citations and a reference list. Sources are relevant, credible, and up-to-date. However, some areas require more critical engagement on comparative perspectives.

Knowledge and Understanding Skills

The report and your demonstration showcases a strong understanding of key concepts, methodologies, and challenges in digital forensics. Insights into the current state of the field well-articulated. There is evidence of critical awareness, but require more detailed explanations.

Cognitive and Intellectual Skills

The report and your demonstration includes well-reasoned analysis, evaluations, and comparisons of tools and methodologies, especially in sections like acquisition and analysis. While conclusions are sound and supported by data, there is scope for deeper critical analysis.

Practical Application Skills

The practical demonstration is a highlight of this work, with clear, detailed work. Real-world scenarios and challenges are effectively explored. Limitations, like the use of a free trial in your commercial tool evaluation, are acknowledged but could have been discussed further in terms of impact on findings.

Transferable Skills for Life and Professional Practice

The work is well-structured and presented with clear headings, tables, and figures, aiding clarity and comprehension. The ability to analyse the findings reflects strong professional skills.
