

MY FUTURE CAREER

Estera Ciulpan

DENTIST THERAPIST & HYGIENIST

- Why Dentist Therapist and Hygienist ?
- My parents are both working in dentistry.
- My dad is a Implantologist, this represents a replacement of a missing teeth.
- My mum is a general dentist, this implies the following :
x-rays, fillings, whitening, extractions, general examination + cosmetics.
- It had a massive impact on my future career as I have to take over the family business.
