Task 1: Individual presentation

Based on your intended career, prepare a PowerPoint presentation of 5-10 slides which you will use to help you analyse your academic and employability skills, also referring to published literature.

“Employability skills are defined as the transferable skills a person needs to have to become employable.

Employers are often looking for a set of skills an employee should possess.”

(STEMNET, 2012)

“Every experience in your life is being orchestrated to teach you something you need to know to move forward”

(Brian Tracy)

What job do I want to do in future?

Teaching in Information Technology
and Digital skills

BE INSPIRED

“A teacher,
who is attempting to teach,
without inspiring the pupil with a desire to learn,
is hammering on cold iron.”

Horace Mann

threats

transferring special terminology, procrastination

Conclusion

My employability skills levels, can satisfy only some of the teaching jobs' requirements,

However, having more interpersonal confidence, improve fast-typing, and better logistic, will prevent procrastination(Tracy, 2007) on certain tasks in my career, which are related to application of mentioned skills.

I need improvement in:

Having more self confidence. (Dweck, 2006)

Promoting the growth mindset(Dweck, 2006)

Having better organisational skills(Tracy, 2007)

Faster typewriting skills using touch-type(Wikipedia)
