

Capture URL of YouTube video for Moodle

Step 1: Open YouTube and search for the video you wish to use in Moodle

Step 2:

Right click the Video itself and then left click "Copy Video Url" text.

Using Excel

Intermediate Spreadsheets
Part One

Copy video URL
Copy video URL at current time
Copy embed code
Loop
Report playback issue

Options: "Copy Url at current time" allows you to start the player at a selected point in a longer video. "Copy Embed Code" can be useful but not needed for Moodle

Copy video URL Preferred choice
Copy video URL at current time
Copy embed code
Loop 273

Tip: The Url will be on the computer clipboard but it may help to Paste it into OneNote or Word so you don't lose it.

Clips & Links

Finally:

Once the Url is inserted in Moodle using the Label-Media option; the video appears on the page with a play button.

See "Embed a YouTube video to Moodle"

Learn MS Excel: Intermediate: Part One

Fill handle

The Fill Handle is the small dot in the bottom right of a selected cell that will fill any cell you drag the content into.
