Please comment on areas in which you feel that you have performed well:

I feel that I performed well in many aspects of my external project. I took on various different roles to help myself figure out exactly what I want from my practice and career. I took on many different jobs, learnt new skills and connections; all of which are beneficial to me and gave me a great learning experience/outcome from the project.

Please comment on areas that you feel you need to develop:

I feel that I need to develop my professionalism. When setting up the exhibition I did not have all the tools required, as it was my first time. This led to it taking more time to set up as we had to borrow and go out to buy tools.
