30 Any comments?

Please use the space below to make any other comments about this module, particularly if you have registered satisfaction or dissatisfaction with any aspect of its delivery

Respondent	Response	^
CHRISTOPHER A LAYSER	maybe the due to the scope of the class it could be broken into two different modules with students given the choice of taking one for their "core requiremnt". Also, then the context could be expanded to History of Astrology and Astronomy	

Respondent	Response
MADELEINE YVONNE MARCHAND	preperation time needed (in addition to the required readings) for activities is challenging. I was asked to change my primary source of Ass 2 a week before the extended deadline, which was increadibly stressful (it was originally approved)!
NICOLE MONTAG- KELLER	This was my second module, just after I did 'Introduction to CAA'. The modules are to be studied in any order, but for me I went from the cliffhanger (1st course, where I got used to the culture and vibe of the MACAA in general) to the hardest module in my point of view. I would like to write a study textbook consisting of several mindmaps, offering the timeline not only in a linear but also in a networked way. Nicole Montag-Keller
SEAN MICHAEL THORNTON	Due to my time zone it was hard to actively participate, but that is an unsolvable problem. I hammered through the work and did what I could, by the last module or 2 were a blur and I didn't feel especially engaged. Overall, I enjoyed the course and learned a lot. I might have actually finished the MA if the admin in finance and registration hadn't been so bloody incompetent. Its worth noting that Taron Plaza also quit under similar circumstances to me. The teaching staff did a great job tho.
