How has the student contributed to your team/organisational goals? Please provide specific examples and see the Placement Evaluation marking criteria and additional guidance for details and descriptors.

Alexandru turned up when he liked it and did not complete his full 16 hours each week.

While working on the placement Alexandru was helpful but not very engaged and didn't come across very happy to be here. Although he did however complete any work he was given while here and never caused any issues.
