Complete the template below (use the prompts in the Task 2 information document to help)

- Take your time, there is no limit – you have until Friday of Week 9 to submit
- Use any notes you have already made to help
- The boxes will expand when you type

Section	Your response (Use your own words!)
1. Research	I researched youth offender worker
	I feel the CRAAP test helped me to evaluate the information ensuring it was relevant for my research.
2. Presenting	I prepared for my presentation by filtering my research making bullet points on revision cards and timing my presentation by reading out loud and putting the cards in order.
	I haven't done a presentation before, so my nerves were quite bad.
	The CRAAP test was such a useful tool and helped me make sure the information was relevant for my presentation.

3. Challenges you faced with your presentation	
	My health was a worry as I missed a session the week before the presentation this made me quite Anxious. I have severe asthma and I'm currently on a clinical trial. Realising my health can impact my learning is a worry.
4. Actions to improve	I will try not to rely on notes as prompts as I feel I researched the role but using notes I felt I read directly from them. More practice in future will ensure I'm confident to present my findings. I will start planning my assignments as soon as I get them and ensure I'm reassured that there are implements in place because my asthma is seen as a disability that I would be able to extend the deadlines etc but I really do not want to have to do this. So, if I'm organised I will be able to complete on time.
5. Further steps needed to Prepare for Task 3	I intend to look further into the role of a youth offender worker, specifically working in the community. I want to look at some statistics to see if the role is making a difference in society as I did feel that on government websites, the explanation of the role was very ideological.

	I want to use different sources and get familiar with the library and understanding and citing the different sources. I will continue to use the CRAAP test to ensure I am researching the relevant information.
