Task 1: Rules Next Week

- The quiz is done under strict exam conditions.
- It lasts 45 mins but you can leave earlier if you finish, however **you cannot leave in the final 10 minutes** (too distracting for other students)
- IF YOU ARE LATE and the quiz has started, you will NOT be allowed to enter and will miss the opportunity to take the quiz
- No attempts to communicate with other students, either verbally or in writing; 1 warning only, 2nd time - disqualification (0 marks for the quiz and you need to leave the room)
- Absolutely no attempts to use the phone or to photograph any parts of the quiz - instant disqualification (0 marks + leave the room)
- If you have a question, you can raise your hand and the lecturer can come to you to explain (if possible).
- Each multiple-choice question has only 1 correct answer (circle it)
- If you change your mind about your answer, make sure your correct choice is clear. Do not leave two circled answers and hope your teacher gives you the point! Use arrows, cross out the whole wrong answer, whatever you like, just make it clear which answer you want marked.
- Other answers may need 1-2 words
- Where it says 1/2/5 marks – this just means how many marks each question is worth
- IMPORTANT – in a question about a full reference for a book, please ignore the mention of *a place of publication*. This means there are TWO correct answers (whichever one of two you choose, will be deemed as correct).
