1. I chose word because for me it's easy to understand and this has help me with my creative ideas. Based on Nishi's feedback I increase the font of the time to make it more visible . However rather than increasing it, I highlighted the time to make it more appealing
2. In fact, I stated the course with no knowledge on computer and even scared of it but for I have gain more confident
3. Apart from helping me this way I also want to improve myself with the word
4. I am so happy for this course because I can use the knowledge acquire from the course to create a small printing press for myself to make money [creating posters. Letter head and many more head.
5. Feedback from Nishi – Slightly increase the time as it appears to be too small
6. In summary I am so happy for the course, and I recommend people of my age should take this bold task
